Analyze, select, and curate artifacts and/or artworks for presentation and preservation. HS Proficient 1.5.12prof.Re7 a. Hypothesize ways in which art influences perception and understanding of human experiences. b. Analyze how one's understanding of the world is affected by experiencing visual arts.	This unit aims to engage students in exploring diverse perspectives and experiences through the medium of sculpture. Students will investigate contemporary art practices, analyze artworks that reflect present-day life, and create their own sculptures that express aspects of identity, diversity, and inclusion. Session 1-2: Introduction to Sculpture and Diversity • Introduce the concept of sculpture and its various forms (e.g., relief, freestanding, installation). • Discuss the importance of diversity and inclusion in art. • Analyze artworks by diverse artists that address themes of identity and cultural diversity. Session 3-4: Exploring Contemporary Art Practices • Research and analyze contemporary artists who use sculpture as a medium to explore present-day life and social issues. • Discuss different approaches to beginning a sculpture project, such as sketching, prototyping, or found object assemblage. • Students begin brainstorming ideas for their own sculpture projects that address aspects of diversity and inclusion.

**NJSLS CAREER READINESS,
LIFE LITERACIES & KEY
SKILLS**

Disciplinary Concepts:

Career Awareness & Planning, Creativity & Innovation, Critical Thinking and Problem-Solving, Technology Literacy

Core Ideas:

Different types of jobs require different knowledge and skills.
Brainstorming can create new, innovative ideas.
Critical thinkers must first identify a problem then develop a plan to address it to effectively solve the problem.
Collaboration can simplify the work an individual has to do and sometimes produce a better product.

Performance Expectation/s:

Make a list of different types of jobs and describe the skills associated with each job.
Demonstrate openness to new ideas and perspectives.
Demonstrate originality and inventiveness in work.
Gather information about an issue, such as climate change, and collaboratively brainstorm ways to solve the problem.
Identify possible approaches and resources to execute a plan.
Use a variety of types of thinking to solve problems.

		Describe the benefits of collaborating with others to complete digital tasks or develop digital artifacts.
	Career Readiness, Life Literacies, & Key Skills Practices	
	Demonstrate creativity and innovation. Utilize critical thinking to make sense of problems and persevere in solving them. Use technology to enhance productivity, increase collaboration and communicate effectively. Work productively in teams while using cultural/global competence.
