

At MRHS, we believe ...

- Strong relationships & collaboration among all stakeholders increase opportunities for all students to experience success.
- Creating a safe & inclusive school environment is imperative for the character development & academic growth of all students.
- A high-expectation culture & student-centered learning environment is important for all students to achieve their full potential.
- Stakeholder accountability is pertinent to an organization's success.

Our *mission* is to empower every student by fostering strong collaborative relationships, creating safe and inclusive environments, maintaining a culture of high expectations and student-centered learning, while upholding accountability at all levels. Our *vision* is that every student will maximize their potential while positively contributing to their community.

 Michaela Torres - Student
 James King - Teacher
 Kimberly Schmidt - Teacher
 Eric Campbell - Community Member
 Hilary Callaghan - Parent, Community Member
 Dr. Karon Webb - Ex-officio, Principal
 Carrie Carter - Ex-officio, Administrator

A Shark Welcome

At May River High School, we are committed to providing a high-quality educational experience that prepares our students for success in college, careers, and beyond.

*This year, our school has made tremendous strides, from academic achievements to student engagement and community partnerships. Most notably, we are proud to celebrate earning an **Excellent rating** on our state report card for the first time since 2019—a testament to the dedication of our students, teachers, staff, and families.*

The work of our School Improvement Council (SIC) has been invaluable in shaping the direction of our school. Through collaboration and shared vision, we have focused on enhancing student learning, fostering a positive school culture, and strengthening community involvement.

As we reflect on our progress and look ahead to the future, I want to extend my sincere gratitude to the entire Shark family. Your ongoing support and commitment make a lasting impact on our school and, most importantly, our students.

Together, we will continue striving for excellence in all that we do. Thank you for being a part of our journey! - Dr. Karon Webb, MRHS Principal

School Improvement Council: Who we are & what we do

The purpose of this report is to inform the Shark Family & community of School Improvement Council (SIC) goals and objectives. The MRHS SIC is made up of Shark parents, teachers, students, administrators & community members. Our purpose is to work together with the school to create a positive learning environment for all.

Our SIC helps and supports May River High School in the following ways:

- The SIC meets monthly with stakeholders to discuss achievements, community involvement & potential needs.
- The SIC participates in developing the 5-year School Renewal Plan.
- The SIC establishes goals to support the school's Performance Goals. This year, the SIC focused on the School Climate Goal.
- The SIC publishes an Annual Report to Parents.

2024-2025 MRHS SIC Goals

This year, the SIC goals focused on School Climate and Community Relations.

- **Improve the Physical Environment of MRHS for students, staff & guests:** The SIC has worked collectively with other school organizations on ways to beautify the MRHS campus.
- **Improve the Social/Emotional Environment for students, staff & guests:** The SIC has worked to gather qualitative data on student and parent opinions regarding the social & emotional environments of MRHS. We have heavily promoted the Parent School Climate in order to get better participation and therefore more feedback. We are also working on providing more education to new MRHS students & parents so they can get connected to all MRHS has to offer quicker and easier.
- **Continue to Build Relationships with the Community:** The SIC has collaborated with other MRHS organizations to build a central database of local business & community supporters.

2024-2025 Enrollment

9th grade: 450 students

10th grade: 452 students

11th grade: 423 students

12th grade: 410 students
