Comprehensive School Safety Plan Purpose

The California Education Code (sections 32280-32288) outlines the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a school safety plan relevant to the needs and resources of that particular school.

The historical requirement of the Comprehensive School Safety Plan (CSSP) was presented in Senate Bill 187. This legislation contained a sunset clause that stated that this legislation would remain in effect only until January 1, 2000. Senate Bill 334 was approved and chaptered in 1999 and perpetuated this legislation under the requirement of the initial legislation. In 2004, the Legislature and Governor recast and renumbered (SB719 & AB 115) the Comprehensive School Safety Plan to support California public schools as they develop their mandated comprehensive safety plans to include strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on school campuses.

Effective January 1, 2019, Assembly Bill 1747 became law, requiring that the school site council or safety committee consult with a fire department and other first responder entities in addition to currently required entities. It requires the CSSP and any updates made to the plan to be shared with the law enforcement agency, the fire department, and the other first responder entities. This bill requires the CSSP to also include procedures for conducting tactical responses to criminal incidents. In January 1, 2019, AB 2291 became law. This bill requires local educational agencies (LEAs) to adopt, on or before December 31, 2019, procedures for preventing acts of bullying, including cyberbullying.

Comprehensive School Safety Plans are required under SB 719 & AB 115 and contain the following elements:
Assessment of school crime committed on school campuses and at school-related functions; child abuse reporting procedures; disaster procedures; suspension and expulsion policies; procedures to notify teachers of dangerous pupils; discrimination and harassment policies; school-wide dress code policies; procedures for safe ingress and egress; policies enacted to maintain a safe and orderly environment; rules and procedures on school discipline and hate crime reporting procedures.

Districts and County Offices of Education are encouraged to include clear guidelines for the roles and responsibilities of the following positions (if used):

- Mental Health professionals, school counselors
- Community Intervention Professionals
- School Resource Offices, police officers on campus

The guidelines are encouraged to include strategies to create and maintain a positive school climate and mental health protocols for the care of students who have witnessed a violent act at any time.

The Comprehensive School Safety Plan may include procedures for responding to the release of a pesticide or other toxic substance from properties located within in-quarter mile of a school.

The Comprehensive School Safety Plan for the current school year will be reviewed, updated, and submitted to San Mateo County Office of Education by October 15th for review and approval. The District will ensure that the CSSP is approved by their board annually by March 1st. In July of every year, the school will report on the status of its school safety plan including a description of its key elements in the annual School Accountability Report Card (SARC).

A copy of the Comprehensive School Safety Plan – Public Component is made available for review at the District Office and on the District Website

Safety Plan Vision

This Comprehensive School Safety Plan analyzes current safety conditions and school climate. In doing so, the plan describes programs in place at our schools, and defines the strategies and programs in place for continued improvement in providing a safe, orderly, school environment that is nurturing and conducive to learning. Appendices follow the action plan. These Appendices include specific, mandated policies and protocols connected to the safety strategies and programs described within the narrative of this document.

Components of the Comprehensive School Safety Plan (EC 32281)

(b) (1) Except as provided in subdivision (d) with regard to a small school district, the school site council established pursuant to former Section 52012, as it existed before July 1, 2005, or Section 52852 shall write and develop a comprehensive school safety plan relevant to the needs and resources of that particular school.

(2) The school site council may delegate this responsibility to a school safety planning committee made up of the following members:

Membership included: School Site Council Members for 2023-24

Administration: Jennifer Knopf

School Site President, Courtney Rogerson

Assessment of School Safety

Current Status of School Crime (EC 32282.1)

CSSP shall include an assessment of the current status of school crime at the school and the school related functions. This may be accomplished by reviewing one or more of the following types of information:

- Office Referrals
- Attendance rates/School Attendance Review Board
- Suspension/Expulsion data
- California Health Kids Survey
- School Improvement Plan
- Local law enforcement juvenile crime data
- Property Damage data

Describe the data reviewed and key analysis points, and table of findings. Document how this information was shared with your SSC/planning committee and date shared:

Data reviewed came from the California School Dashboard for 2024 (https://www.caschooldashboard.org/). This information was shared with our SSC during our October 29, 2024 meeting and at our staff meeting on November 7, 2024.

Strategies and Programs to Provide and Maintain a High Level of Safety (EC 32281(a)1, items A-J)

Include in this section appropriate strategies and program that provide and maintain a high level of school safety and address the school's procedures for complying with existing laws related to school safety.

Student Threat Assessment Policy and Protocol

Sections 49390 through 49395 of the California Education Code requires that a school official of a local educational agency that serve pupils in any grades from six through twelve as part of a middle school or high school of any school district, county office of education, or charter school shall immediately report homicidal threats, or perceived homicidal threats, they have observed or been alerted to, directly to law enforcement. Upon receiving notification of a threat by a school official, law enforcement must conduct an investigation and threat assessment. The investigation and threat assessment must include a review of the Department of Justice's firearm registry and a search conducted at the school site, but "only if the search is justified by a reasonable suspicion that it would produce evidence related to the threat or perceived threat." LEAs must support law enforcement with investigating the threat and conducting a threat assessment.

The San Mateo County Office of Education operates the San Mateo County Student Threat Assessment Center that oversees the Student Threat Assessment Protocol/Process for all school districts in the county. The Student Threat Assessment Protocol and Process is designed for use with students who are engaged in circumstances that suggest the potential for aggression directed at other people, including procedures related to students bringing weapons on school campuses and at school related functions. The San Mateo County Student Threat Assessment Protocol is designed for Districts and/or school sites to oversee the site based multi-disciplinary Level 1 Threat Assessment team. A County-Wide Level 2 Student Threat Assessment Team that is Multi-Disciplinary Team made up of Leaders from San Mateo County Office of Education, Behavioral Health and Recovery Services, the Office of Consumer and Family Affairs, Juvenile Probation, Child and Family Services, Members of Law Enforcement and the County Attorney's Office. This team meets regularly and as needed to provide support to school sites and districts is assessing, responding to and providing services to student who make targeted threats of violence or suggest the potential to do so.

Annual updates and training on the protocol and process are provided by the San Mateo County Office of Education.

Notification to Parents/Guardians of Safe Storage of Firearms
Section 48986 of the California Education Code (EC) requires that all kindergarten through grade twelve school districts, county offices of education, and charter schools shall annually inform parents and guardians of California's child access prevention laws and laws relating to the safe storage of firearms at the beginning of the first semester or quarter of the regular school term. School districts are encouraged to use the California Department of Education Template of Memoranda regarding Safe Gun Storage, or create their own.

Redwood City School District provides the following information regarding Safe Storage of Firearms to all Parents/Guardians annually at the beginning of the first semester/quarter or trimester of the regular school term.

Suicide Prevention Policy and Protocol

Suicide is a leading cause of death among youth and that school personnel who regularly interact with students are often in a position to recognize the warning signs of suicide and to offer appropriate referral and/or assistance. The San Mateo County Suicide Prevention Protocol for Schools provides schools/districts with a comprehensive approach to prevention, intervention and postvention strategies for students struggling with suicide and self-injurious behavior.

Measures and strategies specifically address the needs of students who are at high risk of suicide, including, but not limited to, students who are bereaved by suicide; students with disabilities, mental illness, or substance use disorders; students who are experiencing homelessness or who are in out-of-home settings such as foster care; and students who are lesbian, gay, bisexual, transgender, or questioning youth. Prevention and Intervention strategies are developmentally appropriate for the student population that is being served. San Mateo County Suicide Prevention Protocol for Schools addresses the following:

- Strategies to help promote a positive school climate
- Staff development on suicide awareness and prevention for all K-12 staff
- Instruction to students in problem-solving and coping skills as well as instruction in recognizing and appropriately responding to warning signs of suicidal intent in others
- Information to parents/guardians regarding risk factors and warning signs of suicide, basic steps for helping suicidal youth and school and community resources.
- Encouragement for students to notify appropriate school personnel or other adults when they are experiencing thoughts of suicide or when they suspect or have knowledge of another student's suicidal intentions
- Crisis intervention procedures for addressing suicide threats or attempts
- Counseling and other postvention strategies for helping students, staff, and others cope in the aftermath of a student's suicide.

Naloxone for Schools Toolkit to Reverse Opioid Overdoses (Optional)

Recent increases in opioid overdose-related deaths span across adult and youth populations, indicating that schools should develop and implement additional safety nets to protect students and school staff. In addition to drug awareness and education programs, schools and districts in San Mateo County can implement the Coalition for Safe Schools and Communities Naloxone Protocol for Schools to reverse opioid overdoses on campus.

San Mateo County Office of Education is partnering with the State of California to offer the Naloxone Distribution Project (NDP) to San Mateo County schools and districts. The NDP aims to reduce opioid-overdose deaths through training and the provision of free Naloxone. All TK-12 public school districts, charter schools, and private schools may participate. School Districts, Offices of Education and Charter School Entities shall establish minimum standards of training for the administration of naloxone hydrochloride or another opioid antagonist that satisfies the requirements of California Education Code 49414.3.

The Naloxone for Schools Toolkit is a set of protocols and resources that comply with Education Code requirements detailing how to train staff, obtain, and administer Naloxone. San Mateo County Office of Education offers training on the Naloxone Toolkit to all school in San Mateo County.

Thelmafe Floresca has been trained in the use of Naloxone and the Naloxone Toolkit for Schools and is implementing the protocol in Redwood City School District Schools.

Child Abuse Reporting Procedures (EC 35294.2 [a] [2]; PC 11166)

Teachers and support staff are mandated reporters and are required by the State of California to report any known or suspected instances of child abuse or neglect to the county child welfare department or to a local law enforcement agency. No proof of abuse or neglect is needed, only "reasonable suspicion" that child abuse or neglect may have occurred. Any concern about the possibility of child abuse or neglect must be reported. Investigations will be conducted by law enforcement and/or the county child welfare department to determine if abuse or neglect has occurred.

Mandated reporters must report to the County Child Welfare Department or to local law enforcement immediately by phone. A written report must then be sent within 36 hours by fax, or it may be sent by electronic submission, if a secure system has been made available for that purpose in the county. Written reports must be submitted on the California Suspected Child Abuse Report Form 8572. Telling a supervisor does not meet the mandated reporting requirement. If a decision is made that the supervisor will complete and submit the report to the county child welfare department or law enforcement agency, then one report is sufficient.

For mandated reporters, Penal Code 11172 (a) provides absolute immunity from state criminal or civil liability for reporting as required. This immunity applies even if the mandated reporter acquired the knowledge or reasonable suspicion of abuse or neglect outside of his or her professional capacity or scope of employment. However, mandated reporters will only have immunity under federal claims if the report was made in good faith.

Legally mandated reporters can be criminally liable for failing to report suspected abuse or neglect. The penalty for this misdemeanor is up to six months in jail and/or up to a $1,000 fine. Mandated reporters can also be subject to a civil lawsuit and found liable for damages, especially if the child victim or another child is further victimized because of the failure to report.

All certificated employees and any other employees designated by law as mandated reporters of the district are directed to report known or suspected incidents of child abuse in accordance with state law and district regulations.

Mandated reporters are required to report if a “reasonable suspicion” of child abuse is suspected. Reports must be made immediately or as soon as practically possible and in writing within 36 hours. Mandated reporters shall call local CPS agency, police or sheriff and make a verbal report with the following information:

1. Name of person making report
2. Name of the child
3. Present location of the child
4. Nature and extent of the injury
5. Any other information requested by CPS, police or sheriff.

Employees reporting child abuse are required to notify the site administrator or designee, as soon as possible after the initial verbal report by telephone. Administrators shall provide any assistance necessary to ensure that reporting procedures are carried out according to state law and district regulations.

Mandated reporters have absolute immunity and are not civilly or criminally liable for filing a report. Mandated reporters who fail to report child abuse are guilty of a misdemeanor and can be held civilly liable for damages for any injury to the child after a failure to report. No supervisor or administrator may impede or inhibit reporting duties of employees.

CPS, police or sheriff may interview a suspected victim at school and the child has the choice of being interviewed in private or in the presence of any adult school employee or volunteer aide. If the child is released to a peace officer, the principal shall not notify the parent or guardian but rather shall provide the peace officer with the address and telephone number of the child’s parent or guardian and law enforcement must notify parent or guardian of the situation. Peace officers will be asked by school personnel to sign an appropriate release or acceptance of responsibility form.

Training in child abuse identification, reporting and confidentiality rights for all mandated reporters of child abuse shall be provided by the Superintendent or designee.

Site Implementation of District Policy:
Henry Ford Elementary School staff adheres to the Child Abuse Reporting Procedures and complies with the Redwood City School District Policy. All staff members are required to submit a certificate of completion of the Mandated Reporter Training for California (EDUU) at the beginning of every school year.

Disaster Procedures (EC 35295-35297; GC 8607 and 3100)

Big Five: Immediate Action Emergency Response for Schools Protocol and Hazard Response Protocol

The San Mateo County Office of Education, in collaboration with Local Law Enforcement, County Government and Local Fire Departments created the Big Five Immediate Action Emergency Response for Schools Protocol for all Public, Private and Charter Schools in the County and update the protocol annually. The Big Five Immediate Action Response is a protocol that can be implemented in a variety of different emergency situations. The Protocol is consistent with the guidelines established in California's Standardized Emergency Management System and shall integrate the procedures of the National Emergency Management System. All employees of the District are Disaster Service Workers, as defined by the California Emergencies Services Act, and are subject to such disaster service activities as may be rightfully assigned to them and that all employees shall be required to subscribe to the oath or affirmation required by the Act.

When an emergency occurs, it is critical that staff members take immediate steps to protect themselves, their students, and other people on campus. With an Immediate Action Response, staff can follow specific directions without having to learn extensive protocols for each of several dozen different emergency situations. Staff, certificated and classified, will be given multiple opportunities annually to be trained on the Big Five School Emergency Guidelines Immediate Action Response and Hazards Response Protocols. These trainings specifically include training on the following:

- Earthquake preparedness, response, and recovery actions. Including Drop, Cover, and Hold On response protocols.
- Fire and Smoke, bomb threat or explosion, dangerous wildlife, bioterrorism and hazardous material spill or leak procedures which may result in a Shelter-In-Place
- Evacuation/Relocation procedures and Student Release to Family for Reunification procedures
- Secure Campus procedures for act of violence or danger of violence in the surrounding community
- Lockdown/Barricade procedures for a violent intruder on school premises

Staff members must learn and train on each Big Five Immediate Action Response and be prepared to perform assigned responsibilities. All students must be familiar with actions to take in the event that a Big Five response is implemented. It is highly recommended that school staff and students participate in the Big Five trauma-informed, developmentally appropriate emergency drills monthly. Table top exercises, walk-through drills, and social stories are examples of trauma-informed and developmentally appropriate training and drills to be used by school sites. Big Five signage and instructions are publicly displayed at all school sites.

Procedures to prepare for active shooters or other armed assailants

School site staff should participate in action-oriented Lockdown/ Barricade (active shooter) drills when students are not present. The use of Think on Your Feet Peet Book, which teaches young students what to do during a Lockdown/Barricade, Table-Top exercises or Walk-Through Drills are to be used with in lieu of violent intruder drills or simulations when students are present.

Immediate Action Responses

ACTION	DESCRIPTION
SHELTER IN PLACE	For environmental hazards: Go inside immediately. Close doors, windows, and vents.
DROP, COVER, & HOLD ON	For earthquakes and explosions: Protect from falling debris. Drop to the floor. Take cover and hold on.
SECURE CAMPUS	For potential threats of violence nearby: Go inside the nearest building. Close and lock all doors. Remain inside until threat has passed.
LOCKDOWN/BARRICADE	For immediate threats of violence on premises: Go inside. Lock and barricade all doors. Cover windows and turn off lights. Remain quiet and alert.
EVACUATION	When conditions outside are safer than inside: Employ “Look, Listen, and Leave”. Exit the building and move to a safe location.

The Big Five Immediate Action Response Protocol for School Administrators and Hazard Response Protocol is found in the appendix of this plan.

Site Specific Emergency Response plans can be found in the Comprehensive School Safety Plan; Part 2: Internal Components, for each school site.

The safety of the students and school staff is of paramount importance. All actions taken shall bear in mind the safety and well being of both students and district employees.

The Emergency Procedures Plan for the Redwood City School District is prepared in compliance with Section 560, Title 5 of the California Administrative Code, which makes it mandatory for all public schools to have a written emergency plan. \The Katz Emergency Procedures Bill of 2984 added the requirement that earthquake preparedness plans be developed in all public and private schools.

The Site Emergency Plan represents the mutual concerns of parents, students, and staff for the safety and welfare of all. The plan will be reviewed and revised annually and appropriate drills and training provided to help all persons become familiar with their responsibilities. Emergency preparedness also includes close cooperation and planning with police or sheriff, fire, civic emergency agencies and school/parent groups. Information regarding school district emergency procedures must be disseminated to parents and community members.

Each school site is provided with an Emergency Preparedness Plan binder prepared by the Assistant Superintendent of Operations and Support. The Plan provides instructions for handling emergencies, emergency plan checklists and copies of annual documentation and handouts.

The principal or site director of emergency services shall:
1. Review, revise and update the Emergency Plan by the last day of September each year and devote one staff meeting by the last day of October to reviewing the Site Emergency Plan.
2. Provide maps or diagrams of evacuation routes and other designated areas needed in a major emergency.
3. Provide an effective internal communication system that is not reliant on public utility power.
4. Ensure that the Site Emergency Plan is tested at least twice each year in addition to legally required fire drills.
5. Provide parents each year, with the district policies regarding the release of students in case of a major disaster.
6. Implement the Site Emergency Plan when directed by Superintendent, report in-person to assigned site after any major emergency and initiate a recall to duty of site personnel.
7. Inventory and monitor all supplies, equipment and furniture used in a declared emergency.

Teachers shall:
1. Provide care and supervision to students as Disaster Service Workers under the direction of the site director of emergency services.
2. Be knowledgeable of their responsibilities for emergency preparedness and for implementing the site emergency plan.
3. Include earthquake education in the curriculum and present instruction to students about emergency preparedness plans for the school.
4. Conduct drills for fire evacuation and earthquakes.

Site Implementation:
Henry Ford Elementary School follows the RCSD Emergency Preparedness Plan.

Emergency Procedures:
Each classroom has an exit map and an envelope containing emergency contact information as well as their assigned buddy's class. This information is updated each year by the office staff. Teachers are responsible for maintaining the map and envelope and for informing the office when data is missing or outdated. In addition, each classroom has a gallon of water stored near the door for use in case of emergency. A red classroom emergency backpack containing a first aid items, survival guide lists, pen and paper, flashlight and batteries as well as various related safety items (see appendix) is also kept near the door in every room where children spend time during the school day.

DISASTER DRILL:
“Red Alert”- The signal is a sounding of the county civil service alarm system. The county alarm is one minute of uninterrupted sounding of the horns followed by one minute of silence, then one minute of intermittent sounding horn or alarm.

Students are to drop to the floor or ground, pull their knees up under them, cover their heads with their arms and remain in that position until the “all-clear” signal, one short bell or an announcement from the office to the teachers.

School Suspension, Expulsion and Mandatory Expulsion Guidelines
Redwood City School District desires to provide students access to educational opportunities in an orderly school environment that protects their safety and security, ensures their welfare and well-being, and promotes their learning and development. Rules and regulations set the standard of behavior expected of students and the disciplinary process and procedures for addressing violations of those standards and therefore adheres to California Education Code 48915(a)(1) for grounds for suspension or expulsion.

In consonance with Section 35291.5 of the Education Code, the district will notify the parent or guardian or every pupil enrolled in grades 1 through 12, inclusive, of the fact that the district’s regulations concerning student discipline are available on request at the principal’s office in any district school.

The principal of each school shall ensure that every pupil and parent/guardian receives notice of the district’s regulations concerning student discipline at the beginning of each school year and for transfer students at the time of enrollment. It shall be the responsibility of each principal to inform all students of the grounds for suspension annually.

Pupils have the right to due process of law and all staff members are expected to accord due process rights to all students. A pupil may be suspended for any acts listed in AR 5114.1 (c-d) while on school grounds, while going to or coming from school, during lunch period or during, going to or coming from a school-sponsored activity.

When a student is suspended from a class, the teacher of that class may require the student’s parent/guardian to attend a portion of a school day in that class. If a teacher imposes this procedure, the principal shall send a written notice to the parent/guardian stating that attendance is required by law.

Suspension shall be preceded by an informal conference conducted by the principal, their designee or the superintendent of schools between the pupil, and whenever practicable, the teacher or supervisor who referred the pupil to the principal. At the conference, the pupil shall be informed of the reason for the disciplinary action and the evidence against them and shall be given the opportunity to present their version and evidence in support of their defense. This conference may be omitted if the principal, principal’s designee or superintendent determines that an emergency situation exists. The conference shall be held within two school days.

At the time of the suspension, a school employee shall make a reasonable effort to contact the parent/guardian in person or by telephone. A notice of suspension must be presented or mailed to the parent/guardian stating the reasons for the suspension and date and time when the student may return to school. No penalties may be imposed on the pupil for the failure of the parent/guardian to attend such conference, nor may readmission of the pupil be contingent on the attendance of the pupil’s

parent/guardian at such conference.

Parents have the right to request a meeting with the superintendent or designee to review all written documents, review the evidence and the appropriateness of the penalty. A decision will be rendered within two school days.

A student may be suspended for no more that five consecutive school days unless suspended by the governing board for any number up to 20 schools days in a school year.

A pupil shall be suspended for no more than 20 school days in a school year. Up to 10 additional school days of suspension may be used if reassigned to another school or an opportunity class for adjustment purposes. If an expulsion of the suspended student is being considered by the governing board, the suspension may be extended until such time as the governing board has rendered a decision. Specific procedures for extended suspensions pending an expulsion hearing are described in AR 5114.1(i).

The principal or superintendent of schools is required to recommend a pupil's expulsion for any of the following acts unless the principal or superintendent files a written report with the governing board reciting the facts of the incident that make expulsion inappropriate:
1. Causing serious physical injury to another person, except in self-defense.
2. Possession of any firearm, knife, explosive, or other dangerous object of no reasonable use to the pupil at school or at a school activity off school grounds.
3. Unlawful sale of any controlled substance as defined in Section 11007 of the Health and Safety Code, except for the sale of not more than one avoirdupois ounce of marijuana, other than concentrated cannabis
4. Robbery or extortion.

Note: Complete procedures for expulsion are further defined in AR 5114.1 (l-t)
Special Education students may only be expelled under certain circumstances, following strict guidelines and procedures and then only when an IEP team has determined that (1) the misconduct was not caused by a direct manifestation of the identified handicap; (2) the misconduct was not the result of an inappropriate program; and, (3) the misconduct warrants expulsion.

Designated officials may, according to law and governing board policy, have access to student lockers when evidence suggests that the welfare of students and other personnel may be threatened. The decision to search shall be made by the principal or the principal's designee. The search shall be made in the presence of at least one witness who is an employee of the District after which each such participants in the search shall sign a dated register attesting to what each found. Discovery of illegal or dangerous materials shall be reported to the office of the superintendent.

The Henry Ford Elementary School shall provide the information to the teacher based upon any records that the district maintains in its ordinary course of business, or receives from a law enforcement agency, regarding a pupil described in this section. An employee of Henry Ford Elementary School who knowingly fails to provide information about a pupil who has engaged in, or who is reasonably suspected to have engaged in, the acts referred to in subdivision (a) is guilty of a misdemeanor, which is punishable by confinement in the county jail for a period not to exceed six months, or by a fine not to exceed one thousand dollars ($1,000), or both.

Any information received by a teacher pursuant to this section shall be received in confidence for the limited purpose for which it was provided and shall not be further disseminated by the teacher.

EC 49079 requires that the district advise teachers of students assigned to them who have committed any of the acts identified in Section 48900 as grounds for suspension and/or expulsion with the exception of subsection (h), dealing with the use of tobacco.

Teachers are given directions by site and district administration in order to research this information on the district PowerSchool database. It is updated regularly so teachers can see those students who have been identified, as well as a description of the incident(s).
