It would have a forest and a meadow and in the forest there would be some clearings with two rope swings and a tire swing grouped around a small puddle/pond, in the meadow there would be so many wild flowers and in the middle an entrance to a small fort with some toys in it and full size breakout rooms in varying degrees of challenge. There would also be a tube aquarium where when you walk in you can see sea life all around you. Also there would be a tree climbing obstacle course.

purple dinosaur, tire swing, see saw, orange spinny thing, spinning carousel.

an orca for garbage to get whales tales, trampoline, seesaw and tire swing
