

Safety Issues

October 17, 2024

- Who do we give the log to for the ID's that are not working. They will go to the Tech Dept.
- It was reported to high school safety rep that teachers are propping open gym doors for students to walk outside. Mr. Posset will address with the building principal.
- Middle school would like to look at purchasing more screens for their windows. Not having AC would help address the heat.
