We believe that staff, families, and students should commit to true partnerships that enable us to transform our vision statement into our daily reality. We are committed to success greater than just our own. We understand that every action, positive or negative, ripples beyond us to influence our entire community.

We believe all students can be held to rigorous academic and community commitments while respecting individual differences. The diversity of our community enriches our learning. This handbook has been prepared to explain and clarify the procedures and regulations that will assist you in the upcoming school year. The staff is dedicated to student success. To be an active partner with DEOMS, please attend our Back to School Night and other curriculum events throughout the year. Also, try to attend project celebrations and school performances when possible to further support our community.

We are looking forward to supporting your child by meeting their individual learning needs. In this way, we are confident students will carry with them a sense of achievement and academic pride throughout the school year.

Sincerely,
Mr. James R. DeLalla
Principal

MISSION STATEMENT

The New Milford Public School District provides relevant, innovative, and rigorous educational opportunities to students at all grade levels. The District is resolute in its attention to the development of the whole child by providing a comprehensive range of experiences essential to building capacity for independent and responsible living.

The program is designed to prepare all students to meet or exceed NJSLA, to think critically, and master the challenges of life-long academic, cultural, social, economic, emotional, and professional advancement, as well as constructive participation as citizens in an interdependent global society. The District embraces family and community as active partners in a unified effort to develop students into self-directed, self-confident adults on their journeys to becoming the next generations of entrepreneurs, builders, artists, designers, inventors, scientists, educators, caregivers, protectors, workers and leaders.

The School's code of conduct fosters a safe, orderly, and productive learning environment for all students and staff. This document outlines expected behavior, student rights, and consequences for misconduct, providing clear guidelines for the school community. Please note that **Board Policy and Regulation 5600 – Pupil Discipline/Code of Conduct**, available on the District Website, supersedes this building code of conduct.

GUIDANCE & SERVICES

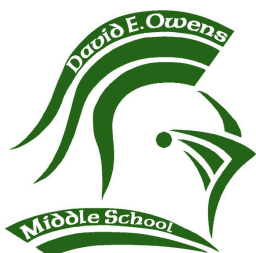

School Counselors

The Middle School counseling program encourages students' social, emotional, and personal growth at each developmental stage. The program is individualized and strives to be preventative rather than reactive. The services provided reflect the needs identified by parents, teachers, and students. The counseling program includes the following:

- Individual Counseling
- Small Group Counseling
- Classroom Presentations
- Coordination of Services
- Consultation

Intervention and Referral Services

The Intervention and Referral Service (I&RS) Committee is another form of assistance the school district provides. The committee is a school-based problem-solving group that aims to help teachers and families with strategies for assisting students with learning/behavior problems. Students experiencing academic, emotional, and/or social difficulties are referred to the I&RS Committee by a professional staff member for review. Following a completed review of the intervention process, students may be referred to the Child Study Team for evaluation.

Student Assistance Counselor

A certified Student Assistance Counselor is available to work with students experiencing social and/or emotional problems. All contacts are kept confidential.

Student Records

The school district maintains student records mandated by the state of New Jersey:

1. Personal data including name, address, date of birth, names of parent/guardian, citizenship, and gender identity; daily attendance and health.
2. Additional permissible records include test scores, school activities, report cards, and health records. A parent or guardian may request a copy of the official permanent record.

Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act (ADA)

The New Milford Board of Education affirms that no qualified person shall, solely because of their disability, be excluded from participation in, denied the benefits of, or subjected to discrimination under any program or activity conducted by the School District. The 504 Officer for the New Milford Board of Education is designated by grade level. Please contact guidance for further information.

DISCIPLINE & PROCEDURES

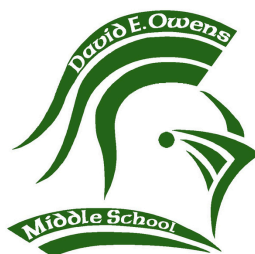

Discipline Code

The David E. Owens Middle School believes that every student deserves to be safe while in school. The safety and security of all community members, including their emotional and physical well-being, is paramount. Everyone deserves to learn without interference from or fear of others. Each day, as part of the school's overall philosophy, the staff subscribes to the premise that we can choose our response in a given situation. We must act respectfully and be responsible. Discipline is designed to teach and reinforce positive behaviors.

Disciplinary Procedures

1. **Mediation:** Peers will go through a collaborative problem-solving process to reduce conflict.
2. **Detention:** Thirty (30) minute A.M. or P.M. detentions may be assigned for minor infractions. Missing assigned detention would result in penalties accorded any act of defiance and/or insubordination.
3. **Extended Detention:** Extended Detention may be assigned due to various infractions. "Extended Detention" is a sixty (60) minute session held immediately after school. Using electronic devices, cellular phones, comic books, food, beverages, etc., during consequences is prohibited.
4. **In-School Suspension:** This action involves a suspension for a short time, usually one day. The Assistant Principal notifies guardians. Work will be assigned by both the Administration and the student's teachers. All in-school suspensions will require a parent/guardian phone conference.
5. **Out-of-School Suspension:** As a consequence of more severe infractions, this action involves a suspension during which the student does not report to school. Students who are suspended from school are in the custody of their legal guardians. Students on suspension are prohibited from school grounds and all after-school or evening activities until they have been readmitted to school. Upon return, students have the responsibility to make up all work missed. All suspensions will require a parent/guardian conference before re-admittance.
5. **Expulsion:** An expulsion hearing may be conducted for students in very serious circumstances as outlined in state laws and board policies.

***** Multiple discipline referrals or suspensions will deny your child the ability to attend dances, school trips, and any after-school activity at the administrators' discretion.**

DISCIPLINE & PROCEDURES

Weapons

Students are prohibited by New Jersey State Law and New Milford school policy from bringing any weapons into the school building. Weapons may include guns, knives, or any object capable of inflicting bodily harm. Any student carrying or using a weapon will be immediately suspended from school. When there is probable cause to believe that an offense has been committed, our student resource officer will take custody of the weapon. It is understood and agreed that the New Milford Police Department will arrest any student believed to be in the unlawful possession of a firearm or other dangerous weapon. A formal complaint will be filed against a student possessing a dangerous weapon, and a recommendation for expulsion will be sent to the Superintendent.

Prohibited Items

To minimize distraction in academic settings, personal digital devices and electronic games/toys are prohibited. Students using any of these items will have the device confiscated and returned at a later time. **Students who bring personal electronic devices to school must keep them turned off and stored in their locker during the school day.** Cell phones may only be used during the school day if directly prescribed by the teacher for a classroom activity. Repeat offenders may have to wait for a parent/guardian pickup and eventually have the privilege of bringing a device to school revoked.

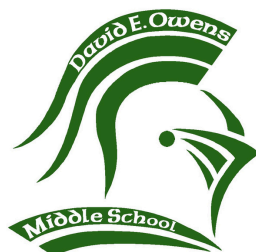

Assaults

Any student who commits an assault, (NJAC 18A:37-2.12) upon a teacher, administrator, Board of Education member, or any other employee of the Board of Education acting in the performance of their duties shall be immediately suspended from school consistent with procedural due process pending an expulsion hearing before the Board of Education.

Harassment, Intimidation, and Bullying

All forms of harassment, intimidation, and bullying will be investigated using Board of Education Policies and Regulations and the State of New Jersey Anti-Bullying Bill of Rights (N.J.S.A.-18A:37-15.).

Professional staff members are trained to identify and recognize harassment of all types (including race, creed, color, national origin, ancestry, age, marital status, affectional or sexual orientation, gender, gender identity, religion, disability, or socioeconomic status). Disciplinary measures and appropriate interventions will be imposed whenever cases of HIB are reported. Visit the New Milford School District's Harassment, Intimidation, and Bullying web page for further assistance regarding the district's policy and procedures, or contact New Milford School District's Harassment, Intimidation, and Bullying Specialist. "Harassment, intimidation, or bullying" means any gesture, written, verbal or physical act on school property or at any school-sponsored function.

DISCIPLINE & PROCEDURES

"Zero Tolerance for Gun Act" Smoking/Vaping

In 1995, the New Jersey Legislature enacted, NJSA 18A: 37-7, known as the "ZERO TOLERANCE FOR GUNS ACT." The law provides that any pupil convicted or adjudicated delinquent for possession of a firearm or a crime while armed with a firearm or found to knowingly possess a firearm on school property, on a school bus, or at a school-sponsored function must be immediately removed from the school's regular education program for a period of not less than one calendar year.

Students are strictly forbidden to smoke/vape or possess tobacco in any form while under the supervision of the school. This includes all points in or near the building whether on school property or not and while on school busses or on tours or field trips supervised by the school. Students are also prohibited from smoking at school-sponsored social or athletic events. Violations of this rule will result in suspension from school and referral to Municipal Court for a possible fine, etc.

Academic Integrity

The purpose of this honor code is to ensure that each and every student creates his/her own original writing while learning about and adhering to copyright laws and proper citations. Plagiarism is "The unauthorized use or close imitation of the language and thoughts of another author and representation of them as one's own original work." (The Random House Dictionary) All of the following are considered academic dishonesty and/or plagiarism:

- Any communication between students during a test
- Copying another student's class work, homework, projects/reports etc., and turning it in as your own
- Providing your original work to another student who then submits it
- Turning in someone else's work (ex: information from a website, book, encyclopedia, AI resource, etc) as your own without giving credit to the author
- Copying words or ideas from someone else without giving credit
- Changing words but copying the sentence structure of a source without giving credit
- Copying so many words or ideas from a source that it makes up the majority of your work, whether you give credit or not

David E. Owens Middle School defines academic dishonesty/plagiarism into three distinct levels of offenses:

Level 1 - Copying from another student (photocopying/hand copying homework, projects, or test answers)

Level 2 - Paraphrasing - When an individual, copies a written piece from a source and rewrites it in his/her own words, without giving proper credit to the author.

Level 3 - Copying Verbatim (word for word) - When an individual copies words and expressions directly from another source (such as a book, article, or the Internet) without giving proper credit to the author.

Students in grades sixth through eighth will be educated on these offenses and receive penalties in their classes. Parents are considered informed through this handbook. Students and parents are expected to fully comprehend these infractions and penalties stated below.

Substance Abuse

All students enrolled in the New Milford Public Schools are FORBIDDEN to sell, use, or transfer any drugs or alcohol at any time while attending school, at a school function, including field trips, or on school property. Where there exists reason to believe that a student is selling, transferring, possessing, or under the influence of drugs or alcohol, that student will be subject to the following Policy and Regulation.

DISCIPLINE & PROCEDURES

Cheating/Plagiarism

Definite consequences:

- Parents are notified
- The student will receive an extended after-school detention
- Zero credit with the opportunity to redo the assignment for up to 50% of earned grade
- The amount of time given to redo the assignment will be determined by the classroom teacher

Additional consequences for continued academic dishonesty/plagiarism include

but are not limited to:

- Conference with the student, parent, teacher, guidance counselor, and administration
- In-school suspension
- Zero for the assignment with no consideration for redoing the assignment
- Removal from extra-curricular activities
- Possible removal from field trips and other school-related privileges

Behavior Expectations

During the registration and re-registration process, families and students digitally sign that they are aware of the expectations outlined in this document.
