## Maywood's budget is inadequate per NJ DOE

"District Adequacy Budget" - State calculation of necessary funding to provide a thorough and efficient education to every student in the district. The sum of the local share (taxes) and equalization aid (state) should equal this amount

Over/(Under) Adequacy	(\$1,286,251)	(\$689,895)	(\$5,141,141)

Maywood's tax levy is below NJDOE local fair share calculation  
 "Local Fair Share" - State calculation of what it believes the local taxing authority would be able to raise and earmark for the district's budget. The difference between the adequacy budget and local fair share is covered through equalization aid.
