Last day to register: June 23 *

* Spots are limited and registration may close earlier, if program reaches maximum capacity.

Where Art Meets Appetite!

Calling all young chefs and creative minds! At *Food Fight Camp*, kids in grades K–4 will hop aboard their own imaginary food truck and embark on a deliciously fun artistic adventure. Through hands-on projects and imaginative play, campers will explore the colorful world of food—from culinary traditions and tasty textures to the history and creativity behind it all. Each day, campers will whip up exciting food-themed art using a variety of materials, while learning how cooking and art go hand in hand. They'll build confidence, stretch their imaginations, and maybe even inspire a little extra curiosity in the kitchen at home! **Perfect for young artists who love to create, play, and dream big—one “dish” at a time! Students must be picked up by an adult 18 years or older. No transportation.**
