[Pacing Guide](#)

Unit	1	Unit Title:	Fitness and Movement	Pacing:	9 Days
Unit Summary: Fitness is an essential element of a healthy life. In the first unit of fifth grade Physical Education, students examine what it means to be healthy as they assess their overall fitness, set a fitness goal, and monitor their progress towards the goal. They also explore how different cultures use rhythm and movement as forms of self expression and exercise.					
Essential Question: How can I improve my fitness level? How does rhythmic movement affect my health?					
Objectives: ● Explain and demonstrate specific exercises, activities, and strategies that will maintain or improve health and skill related fitness components. ● Develop a personal fitness plan based on the assessment of one's personal fitness levels and goals. ● Identify and monitor health/fitness indicators through the development and implementation of a personal fitness plan. ● Explain and engage in games, activities, or dances from a variety of different cultures and historical periods (i.e. cricket, salsa, line dance). ● Create and demonstrate a rhythmic routine/dance of smooth flowing sequential movement patterns. ● Demonstrate a synchronized group rhythmic activity that engages students in moderate to vigorous physical activity.					
NJSLS-CHPE Standards: 2.2.5.LF.2, 2.2.5.LF.3, 2.2.5.PF.1, 2.2.5.PF.5, 2.2.5.MSC.1, 2.2.5.MSC.3					
Interdisciplinary Connections: SL.PE.5.1, 6, 6.1.5.CivicsPR.3

Unit	2	Unit Title:	Fitness and Manipulative Skills	Pacing:	9 Days
Unit Summary: In this unit, fifth graders build on their understanding of wellness as they explore how decision making and nutrition affect personal health and fitness. Additionally, students demonstrate application of proper technique, game rules, and safety principles as they apply manipulative skills in cooperative activities and sports.					
Essential Questions: How can I monitor my health and fitness? How does proper manipulative skill form and technique promote health?					
Objectives: ● Identify and monitor health/fitness indicators through the development and implementation of a personal fitness plan. ● Use knowledge of the health factors to explain how decision making affects physical activity and nutrition in relation to attaining personal health and fitness goals. ● Explain and demonstrate throwing and catching using correct mechanical techniques in games, sports and activities. ● Explain and demonstrate striking and kicking of an object continuously with various body parts and implements in games, sports and activities. ● Explain and demonstrate how to control a variety of objects within non-competitive , cooperative, and competitive environments (apply rules) while moving in general space at varying pathways, directions, and speeds.					
NJSLS-CHPE Standards: 2.2.5.N.1, 2.2.5.N.2, 2.2.5.N.3, 2.2.5.LF.1, 2.2.5.PF.2, 2.2.5.PF.3, 2.2.5.MSC.2, 2.2.5.MSC.4

Unit	3	Unit Title:	Movement to Enhance Flexibility	Pacing:	9 Days
Unit Summary: Activities that enhance flexibility and core strength contribute significantly to overall fitness because they use muscle groups and body orientations that support balance and stability. In developing nonlocomotor skills and spatial awareness, students are learning about lifelong fitness, the mind-body connection, and the importance of self-expression.					
Essential Questions: How does controlled movement impact my health? How does physical activity support mental well-being? How can movement routines allow me to express my individuality and creativity?					
Objectives: ● Explain and demonstrate specific exercises, activities, and strategies that will maintain or improve health and skill related fitness components. ● Use knowledge of the health factors to explain how decision making affects physical activity, and nutrition in relation to attaining personal health and fitness goals. ● Perform a self-designed gymnastics/movement sequence with the following 7 components: (1)A starting shape, (2) roll, (3) transfer of weight from feet to hands, (4) a balance, (5) leap or jump, (6) turn, and (7) ending shape.					
NJSLS-CHPE Standards: 2.2.5.LF.2, 2.2.5.LF.4, 2.2.5.PF.3, 2.2.5.PF.4, 2.2.5.MSC.1, 2.2.5.MSC.2, 2.2.5.MSC.4

Unit	4	Unit Title:	Lifetime Fitness and Cooperative Games	Pacing:	9 Days
Unit Summary: In this unit of fifth grade physical education students combine their manipulative, locomotor, non locomotor, and body management skills in playing cooperative games. Through teamwork and cooperation, students exemplify good sportsmanship and utilize offensive and defensive strategies to achieve a team goal. Students also plan for fitness outside of PE class during summer months and beyond.					
Essential Questions: How does communication affect cooperation? How can strategy affect outcome? What is good sportsmanship?					
Objectives: ● Demonstrate the ability to perform both offensive and defensive strategies in applied settings (games, sports and other activities). ● Explain and demonstrate how to maintain team possession in competitive, partner and small group games, sports and activities. ● Compare and contrast the roles of players and observers in regard to proper sportsmanship and recommend strategies to improve these behaviors. ● Demonstrate knowledge of rules, procedures and safety concepts and apply them effectively as an observer or participant in games, sports and activities.
