Together On the
Air
July 21 – August 1,
2025
For students aged
15–18
Live broadcast is
exciting: once the
studio door is
closed, you're in
the moment with
your guests and
free of other
distractions.
Spend two weeks
learning how to
produce your own
live radio
program. You'll
collaborate with
peers who care as
deeply as you do,
develop an
identity for your
show, and
broadcast your
first episodes
together. In week
one, students will
learn about
booking guests,
studio gear, and
show formats. In

						week two,		
						students will plan		
						and broadcast		
						additional		
						episodes,		
						promote their		
						show, and		
						participate in		
						workshop		
						sessions.
