Families Making the Connection

Take a Screen Break!

May 5-9 is Screen Free Week! This annual, international celebration promotes reading, playing, thinking, creating, getting active, and spending more time with family and friends instead of watching TV, surfing the web, or playing with apps and video games. You can still use devices for work or school.

Why go screen free?

- Screen time can take away from physical activity that everyone needs to be healthy. Kids and adults who are

active are more likely to be at a healthy weight, be sick less often, and sleep better. They are also able to focus, do better in school or at work, and are less likely to feel stressed or depressed.

- Excessive screen time can take us away from connecting with others.

Learn more and find resources at <https://screenfree.org>.
