Join us for fun this summer as we explore new adventures each week!

Week 1: Olympics

This week is all about team building, social development, and sportsmanship while participating in our camp Olympics games. Discover the excitement of friendly competition while competing in different Olympic events.

Week 2: Space Exploration

Blast off on exciting missions to discover the secrets of the universe. Campers will build rockets, train like astronauts, and explore black holes and the galaxy. It's an out-of-this-world adventure where imagination and teamwork lead to exciting discoveries!

Week 3: Secret Agent

Join us for a thrilling undercover mission. Campers will train like spies, learning secret codes and solving mystery puzzles to crack important clues.

Week 4: Magic and Illusions

This week's camp is filled with awe, excitement, and creativity as campers will learn the skills to become a master magician. Learn tips and techniques that will keep your audience guessing.

Week 5: Builders and Engineers

This week is perfect for hands-on, creative kids who love constructing and problem-solving! Campers will spark creativity and build something that they will be proud of.

Week 6: Sharks and Everything Under the Sea

Camper will embark on a journey to explore the wonders of marine life, from the apex predators like sharks to the vibrant ecosystems of coral reefs, mysterious deep-sea creatures, and everything in between.

Week 7: Artistic Flair

This week is all about exploring creativity, learning new art techniques, and giving campers the chance to make something beautiful!

Week 8: Mad Science

An exciting, hands-on learning experience designed to spark curiosity, foster creativity, and introduce the wonders of science. Campers will learn scientific principles while having fun.

Week 9: Carnival

Students will celebrate the end of summer by creating innovative carnival games and families will join us as we play together on our last day.
