PRESENTS

Dates: July 21st–July 25th

Time: 9am–12pm

Grades: 3-6 (25/26 Grade Level)

HAMMARSKJOLD

FEE: \$205

Last Day to Register: July 9th

In a world where information is power, your child could be the hero who protects it. Welcome to **Cyber Spies**, an action-packed adventure in digital forensics and cyber security designed especially for curious minds in grades 3-6! Students will dive into the thrilling world of secret codes, digital sleuthing, and cyber defense as they race against time to stop imaginary international hackers. Through hands-on challenges and team missions, they'll learn how to decode ciphers, recover lost files, and explore real-world tools used by cybersecurity professionals—all while developing critical thinking, teamwork, and problem-solving skills. Whether they're cracking encrypted messages or analyzing clues to track down digital villains, your child will be at the heart of the action. This program turns STEM learning into a high-stakes spy mission—and the world is counting on them! Students must be picked up by an adult 18 years and older—no transportation.

- 1) Go to www.ebnet.org/cpreregister
- 2) Once you are logged in, choose "Register Here!" and select "Summer 2025 Enrichment" to view programs.
