

ABOUT US

The SEAC is an advisory council that provides input on districts' policies, practices, and issues related to the education of children and youth with disabilities between the ages of birth-twenty-two.

The council is comprised of 10 members; with parents of students with disabilities making up 50% of the council.

Meetings are held virtually two times per year (spring and fall).

MVCC/MRVED Special Education Advisory Council (SEAC)

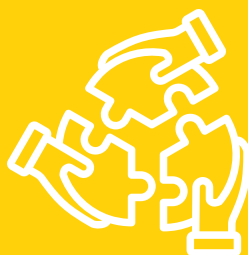

Member Districts

Dawson-Boyd
Lac qui Parle Valley
Lakeview
Renville County West
Yellow Medicine East
E.C.H.O Charter School

Advocacy

Promotes the rights and needs of students with disabilities by giving families and educators a unified voice to support inclusive, equitable educational practices

Collaboration

Council members work together to share perspectives and develop solutions that strengthen special education programs and services

Parental Input

Parents play a vital role by sharing experiences and feedback that help guide district decisions, ensuring services meet the real needs of students and families
