

Lifetime Life Insurance with a Long-Term Care Feature

Protection designed to last a lifetime

Get two layers of protection

What is Lifetime Life Insurance?

Lifetime Life Insurance is permanent life insurance that complements conventional term life. Your beneficiary will be paid the benefit amount that you elect, which can help cover expenses like a mortgage, college education, elder care and more. Your coverage isn't tied to your employment, so you can take it with you if you leave your current employer – and keep it all the way into retirement if you choose.

It also adds a second layer of protection with a Long-Term Care (LTC) feature, which makes a portion of your life benefit available sooner if you need qualified long-term care services.

How much coverage do I get?

Your employer offers you Lifetime Life Insurance with an LTC feature in the following amounts:

	Life Coverage Amount
You	\$5,000 to \$125,000 in \$5,000 increments
Your Spouse	\$5,000 to \$75,000 in \$5,000 increments, not to exceed the Employee's life insurance amount.
Your Children	\$5,000, \$10,000, \$15,000, \$20,000 or \$25,000

Why should I consider Lifetime Life Insurance?

-  Your coverage is portable – it can go with you to new jobs and through retirement.
-  It offers the opportunity to cover your spouse and children, as well.
-  Coverage is guarantee issue.
-  Your Lifetime Life premiums will stay the same for the life of the policy.*

* Guaranteed rate applies to base life insurance coverage. Premiums for the Accelerated Death Benefit Rider for Long-Term Care may not be fixed and may increase.

How does Lifetime Life Insurance work with the Long-Term Care feature?

In the above example, Rob has access to \$100,000 to help cover long-term care expenses. The total amount paid will not exceed the total amount of life insurance in force. The death benefit will be reduced by the amount paid. The extension benefit provides an additional \$4,000 for his long-term care expenses
Total Potential Benefits of \$104,000.

This is shown as an example only. Actual results may vary. The portion of life insurance available to you will be shown in the Schedule of Benefits. Payment of this benefit may affect your coverage amount and ability to increase coverage. A complete description of benefits, limitations, exclusions and termination of coverage will be provided in the certificate of insurance and riders.

What else is included if I enroll?

Accelerated Benefit for Terminal Illness allows you to access up to 75% of your eligible death benefit if you're diagnosed with a terminal illness. This benefit is automatically provided to you when you enroll. Receipt of accelerated benefits may be taxable or may adversely affect your eligibility for Medicaid or other government benefits. You should consult with your personal tax advisor before using this benefit.

Accelerated Death Benefit Rider for Long-Term Care

This allows you to access a portion of your life insurance benefit if you are receiving qualified long-term care services, such as those provided in home health care or a nursing care facility. You can receive a monthly payment to help cover the cost of your care. You will have to meet all conditions of the Rider, including satisfying an Elimination Period of 90 consecutive days, to be eligible for benefit payments. Your coverage under this Rider also includes:

- **Extension of Accelerated Benefit Payments:** If you have exhausted the monthly accelerated benefit payments, this benefit increases your life insurance amount and extends the payments based on the provisions in the rider. Review the Accelerated Death Benefit Rider for Long-Term Care for complete provisions and conditions.

Receipt of the accelerated benefit may be taxable or may adversely affect your eligibility for Medicaid or other government benefits. You should consult your personal tax advisor to assess the impact of this benefit.

Exclusions and limitations

Suicide while sane or insane within two years of the date insurance starts. We will refund to the Beneficiary any Premiums paid instead of paying a death benefit. The two year period includes the period the employee was continuously covered under the Policy and any previous group term life policy(ies) issued to the Policyholder during the employee's lifetime.

Age reductions

Benefit amount reduces to 50% of original coverage when the employee or spouse reaches employee's age 70 or after 25 years of paying premiums, whichever occurs later. A vested benefit amount is in force after 10 years of paying premiums, even if lapse occurs.
