Peninsula Humane Society & SPCA

WILDLIFE CAMP

Come spend a week in Saratoga with the Peninsula Humane Society & SPCA for a Wildlife-themed summer camp! Wildlife Camp is designed to engage and inspire campers, while fostering a deep understanding of local wildlife and ecosystems.

- Camp activities include art projects, animal-themed games, nature crafts, daily activities along our Learning Path with interactive exhibits, and nature excursions.
- We will observe local wildlife, investigate tracks and clues, and develop the skills needed to identify wild animal species.
- Campers will learn about native plants and animals of woodlands, wetlands, and other ecosystems from the San Francisco Bay area to the Central Coast.
- We will also examine how we can help wildlife in our own backyards.
