VIII. Presentations/Discussions

Mr. Torres, Principal

- CAP

Evellyn Rosas, our current College Access Plan (CAP) Counselor had a slide presentation about what CAP does; she said about 20-25 students have reached out to CAP this year. Mr. Torres would like Ms. Rosas to meet with the CIS Middle School Advisory class.

- SPSA

Mr. Torres: WASC goals should align with SPSA. He showed iReady data. Ms. Kobey would also like to see GPA, completed courses, and attendance info as well.

- Budget allocations

Mr. Torres: There has been no real change in what we know about next year's budget allocations. Acellus is paid for by the district through supplemental/concentration dollars; CIS uses Acellus more and differently than other schools in our district. Acellus has decided that they are no longer going to support/continue the current version and will switch over to a more expensive tier/version/platform. The cost would be about 7 times more than what we are currently paying (district paying \$100k for this year). PUSD will be priced out of using their product. District has asked us to look for an alternative that makes sense fiscally and curriculum-wise. They've opened up a pilot program for Edgenuity, which is more expensive than this year's Acellus; District is asking us to pay the difference if we go with Edgenuity. It is estimated to be about \$95k. Acellus would cost \$80 per month per student

IX. New Business (Action Items)

Seating of new member

Approval of SPSA goals

Spending allocations

Proposed new meeting date

X. Agenda Recommendations (Action Item)

Ms. Reynoso

XI. Announcements

Ms. Kobey: Facilitated a Safety Plan update. From studying other PUSD schools' safety plans, Ms. Reynoso and Ms. Kobey noticed a lot of "boilerplate" language but also noticed that our action goals do need to be redone in order to be clearly aligned from top to bottom (areas of pride to goals and action items). We can look at Physical Environment part of action plan next time. Ms. Kobey will make a shared document/spreadsheet to collect data/information in anticipation of making changes to the Physical Environment part of the action plan.

XII. Adjournment (Action Item)

Ms. Reynoso
