- Baseball & Softball Update
 - The project is 95% finished. On May 14, 2025 LandTech and Members from NL will have a punch list walk through. This needs to be completed before the fields become ours. Once the fields are completed we will continue to water and maintain them, but no one will be allowed on them until next year. This will ensure our varsity is the first to play on them, and that they are fully rooted and play ready.
