Help **Child Find** Locate Children with Disabilities

What Is **Child Find**?

Child Find is a statewide effort by the Alabama State Department of Education and the Department of Rehabilitation Services to locate, identify, and evaluate children with disabilities from birth to age 21.

How Does **Child Find** Work?

Early Intervention and Special Education Services work closely with community service agencies, parents, and local school systems to locate children with disabilities. A toll-free number is provided for parents or other persons interested in information about referring a child from birth to age 21.

Why Is **Child Find** Important?

It helps the child, the family, and the provider to plan appropriate services and link families to services for students meeting eligibility requirements in the following disability areas:

- ☐ Hearing Impairment
- ☐ Deaf-Blindness
- ☐ Intellectual Disability
- ☐ Multiple Disabilities
- ☐ Orthopedic Impairment
- ☐ Other Health Impairment
- ☐ Emotional Disability
- ☐ Speech and Language Impairment
- ☐ Visual Impairment
- ☐ Specific Learning Disabilities
- ☐ Autism
- ☐ Traumatic Brain Injury
- ☐ Developmental Delay

For more information about **Child Find**, contact your local school system, local coordinating council, or call
