

2024-2025 SIC Report NMBHS

North Myrtle Beach High School provides a safe, nurturing, and academically competitive learning environment that is innovative and student-centered. This environment is provided through the implementation of our school's vision: to be recognized as one of the premier schools in one of the nation's premier school systems, in which every student receives an excellent education. North Myrtle Beach High School demonstrates this vision by offering a variety of opportunities both in the areas of academics and extracurricular activities for students to take advantage of to broaden experiences and foster talents. In addition to core academic courses, students have opportunities to study in the areas of business, culinary, dual-enrollment courses through Horry Georgetown Technical College, Advanced Placement Courses, STEM courses, visual arts, performing arts, band, orchestra, Spanish, and Naval Junior ROTC. Extracurricular opportunities such as drama, robotics, book club, band, orchestra, student council, Beta Club, National Honor Society, Mu Alpha Theta, English Honor Society, Social Studies Honor Society, Science Honor Society, International Thespian Society, Spanish Honor Society, ROTC, Christmas Angels, and athletics give students opportunities to engage in community service opportunities while building experiences.

For the 2024-2025 school year, CATE offerings were expanded with an additional PLTW course: Principles of Engineering. Our graduation rate increased to 83.1%, and Advanced Placement pass rates continue to be at or above state and global percentages.

We had a great deal of excitement in our extracurriculars and athletics. Several students in our fine arts programs were selected as All-County representatives for chorus and band. We received Superior at All County Theatre, Excellent at South Carolina Theatre Association High School Festival, and Excellent at Palmetto Dramatic Association High School Festival. The Band of Chiefs competed at the SCBDA Lower State Championships and qualified for State Championships for the 4th year in a row. NMBHS produced a State Championship in Girls Volleyball and regional champions in Girls Cross Country, Girls Volleyball, Baseball, Boys Lacrosse, Boys Swim, and Boys and Girls Track and Field. We also had All-State Team Members in Girls Volleyball, Baseball, Cross Country, and Track and Field.

North Myrtle Beach High School is an outstanding high school, rich in diversity and culture. We will continue to work collaboratively with our community and school stakeholders to prepare all students to become college and career ready upon graduation.
