IntelliCamp: AI & Coding

Dates: August 11th–August 15th
Time: 9am–5pm

**Grades: 5-9** (25/26 Grade Level)

HAMMARSKJOLD

FEE: $466

Last Day to Register: July 30th

9am—12pm Code Breakers Camp— Calling all future coders, programmers, & designers! Learn the basics of coding languages like HTML, JavaScript, and CSS through a series of web projects and design challenges each day, and be on your way to becoming the next tech star! Whether you want to be a Silicon Valley CEO or the high school student who just made $1 million dollars for programming in her bedroom, this course has the essentials you need to begin your journey. Projects will be available on a Black Rocket website to share with friends and family. Returning students can create more advanced projects that build on previous years. Students will work in pairs or teams for most of the program.

1pm—4pm A.I. Adventures Camp— Explore the world of artificial intelligence to design fully interactive games and experiences using cutting-edge technology. This program combines artificial intelligence with coding to create an unforgettable learning adventure. Students will construct machine learning models that use image and text recognition within block-based coding software to build projects. Students will work in pairs or teams for most of the program. Students must be picked up by an adult 18 years and older—no transportation. **Please make sure your child brings a bagged lunch and snack from home.**
