

# District 204's Energy Management Program

By simply adjusting our thermostats,  
turning off equipment at unoccupied times, and  
optimizing controls, look what we saved since November 2009.

**29,278,349** KW-HOURS OF ELECTRICITY

---

**2,181,500** THERMS OF FOSSIL FUELS

---

Since November 2009, we reduced

**59,342,227** lbs of **CO<sub>2</sub>**

Emissions, enough to equal:

POWERING **3,703** HOMES (EPA revision,3/2014)

---

PLANTING **22,063** ACRES OF TREES

---

SAVING **\$4,361,719**

---
