

Car Rider – Doing it right. Making it safe.

Safety Procedures:

- *Begin the car rider lane on Bainbridge (going North) to move into the eastbound Redfield Road Drop-off and Pick-up lane (new this year). See back for map.*
- *Move forward cautiously, following the staff directions to increase safety. All staff wear orange vests for easy identification.*
- *Drop off and pick-up your child within the indicated area. Signs will show where the lane begins and where it ends. Please look for these signs.*
- *At dismissal, we will be holding all car riders in one location to guarantee students get into the right cars safely.*
- *Follow the signs posted on both sides of the street.*

Cannot park or stop where posted on both sides of the street.

Do not park at any time during these times – this will interrupt the car lane.

Things to avoid doing:

- *Cars driving on Redfield WEST of Bainbridge are not to enter the Drop-off/Pick-up lane. (see back for map)*
- *Do NOT allow children to exit or enter your car on the traffic side.*
- *In Drop-off lane, do NOT go AROUND a stopped vehicle that is loading their child(ren). Please move with the flow of the traffic. Patience + care = safe students, staff and families.*
- *Pay attention to the areas where you may NEVER stop or park.*

Do not stop or park where the curbs are painted yellow! Police will give a ticket if seen.

Do not park or stop in front of a neighbor's driveway. Not only is this illegal, it is not being neighborly or respectful.
