#### **Executive Summary**

Campus Improvement Plan: School Year 2025-2025

Campus Name: Liberty Middle School

**Mission:** Our mission at LMS is to provide a safe and healthy community that fosters a well-balanced, multicultural experience; to prepare students with the 21st-century [Approaches to Learning (ATL)] skills required to succeed globally.

Demographics Summary: The enrollment at Liberty Middle School as of September 5, 2023 is 792 students. Liberty's student population is 99% Hispanic and 1% White. Our student population is largely economically disadvantaged (92.6%) and serve 1.5% of our students as migrants. Over 13% of our student population receives special education services, an additional 10% receive accommodations under 504 and an additional 10% of our population is serviced through Rtl. Our gifted and talented population accounts for approximately4.4% of our student population. We serve an English Learner population of over 50%. For 2021-2023, the attendance rate for the campus was consistently maintained between 88% and 92%, pre COVID-19. Most of our students live in the surrounding areas of the school community; however, 234 (30%) students choose to attend our school from other zones in the community and from outside of the District.

Comprehensive Needs Assessment Summary: Based on 2024 accountability, Liberty Middle School received an overall grade of 80 (B Rating) in the three domains. In the Student Achievement domain, which is based on performance on the STAAR, Liberty's scaled score was 74. In the School Progress domain which measures student improvement from year to year, Liberty scored a 67 and performance relative to similar campuses, Liberty's score was an 86. In the Closing the Achievement Gap domain which measures student groups against annual targets, Liberty's scaled score was a 65.

Curriculum and Instruction and Assessment: Liberty Middle School is an authorized International Baccalaureate World School promoting a well-rounded education and the ten attributes of the Learner Profile. IB learners strive to be balanced, caring, communicators, inquirers, knowledgeable, open-minded, principled, reflective, risk takers, and thinkers. Teachers are encouraged to write and implement units of study that make natural connections within and among the content areas. Liberty boasts a strong commitment to the District's Dual Language Enrichment and Academic UIL Programs as well as participation in athletics and the arts. In order to address achievement gaps in ELA/R and mathematics, all 6<sup>th</sup>, 7<sup>th</sup> and 8<sup>th</sup> graders have been scheduled to 90-minute blocks. Enrichment classes in 8<sup>th</sup> grade science and social studies have been created to serve English Learners and an intentional 8<sup>th</sup> grade cohort of students respectively. Liberty follows the District curriculum for the content areas and assesses regularly to monitor the performance and progress of students. Assessment data is used to determine direction in instruction and in planning appropriate interventions.

Summary of Goals: In our pursuit of excellence and student success, Liberty Middle School has identified the following three areas for improvement this year: to promote literacy across the content areas by engaging students in the receptive (listening and reading) and productive (speaking and writing) language domains consistently; to refine lesson plaming to include details and specificity for engaging, rigorous and relevant instruction; to enrich our data analysis by consistent, continual progress monitoring by students, teachers, and administration and by appropriate responses to the data with interventions providing the necessary supports to students so they can be successful. In addition, our goal for Student Achievement is to have at least 50% of our students at the "meets" level and 25% at the "masters" level on STAAR. With regard to School Progress, our goal is to have at least 80% of our students show academic growth on STAAR. We believe that if we are successful in attaining the prescribed goals, we will be successful in Closing the Gaps.

#### PHARR-SAN JUAN-ALAMO INDEPENDENT SCHOOL DISTRICT

#### THE STATE OF TEXAS PUBLIC EDUCATION MISSION AND ACADEMIC GOALS

The mission of the public education system of this state is to ensure that all Texas children have access to a quality education that enables them to achieve their potential and fully participate now and the future in the social, economic, and education opportunities of our state and nation. That mission is grounded on the conviction that a general diffusion of knowledge is essential for the welfare of this state and for the preservation of the liberties and rights of citizens. It is further grounded on the conviction that a successful public education system is directly related to a strong, dedicated, and supportive family; and that parental involvement in the school is essential for the maximum educational achievement of a child.

#### THE STATE OF TEXAS PUBLIC EDUCATION GOALS

GOAL #1: The student in the public education system will demonstrate exemplary performance in the reading and writing of the English language.

GOAL #2: The students in the public education system will demonstrate exemplary performance in the understanding of mathematics.

GOAL #3: The students in the public education system will demonstrate exemplary performance in the understanding of science.

GOAL #4: The students in the public education system will demonstrate exemplary performance in the understanding of social studies.

#### THE STATE OF TEXAS PUBLIC EDUCATION OBJECTIVES

Objective #1: Parents will be full partners with educators in the education of their children.

Objective #2: Students will be encouraged and challenged to meet their full educational potential.

Objective #3: Through enhanced dropout prevention efforts, all students will remain in school until they obtain a high school diploma.

Objective #4: A well-balanced and appropriate curriculum will be provided to all students.

Objective #5: Qualified and highly effective personnel will be recruited, developed, and retained.

Objective #6: The state's students will demonstrate exemplary performance in the comparison to national and international standards.

Objective #7: School campuses will maintain a safe and disciplined environment conducive to student learning.

Objective #8: Educators will keep abreast of the development of creative and innovative techniques as appropriate to improve student learning.

Objective #9: Technology will be implemented and used to increase the effectiveness of student learning, instructional management, staff development, and administration.

### Liberty Middle School 74 67 86 65

# Comprehensive Needs Assessment 2023-2024

Based on 2024 accountability, Liberty Middle School received an overall grade of 80 (B Rating) in the three domains. In the Student Achievement domain, which is based on performance on the STAAR, Liberty's scaled score was 74. In the School Progress domain which measures student improvement from year to year, Liberty's score was 67. In performance relative to similar campuses, Liberty's score was an 86, and in the Closing the Gaps domain which measures student groups against annual targets, Liberty's scaled score was 65.

Based on the district's attendance report, Liberty's yearly attendance decreased from 96% to 91%. Plans of action for the 2024-2025 school year will be initiated with consistent progress monitoring to ensure Liberty increases in performance and attendance.

							State Bilingual Funds Local Funds
Action Steps							

Teachers will analyze classroom and assessment data to identify areas of concern.

Teachers will provide small group instruction to students within and beyond the class period

Tutors (retired ELA/R teachers and university students) will provide additional support to students within and beyond the class period.

Goal Area 1:	Student Achievement									
Annual Goal 3:	By June 2024, Liberty Middle School students will improve to the following levels on the STAAR in MATHEMATICS: at least 80% at the Approaches level; 50% at the Meets level; and 25% at the Masters level.									
Objective:1	Students will improve student achievement to the given levels in mathematics through data-driven practices: planning, instruction, and interventions.									
Strategy 1	Persons Responsible/Title	Resources	Timeline	Evidence of Implementation	Evidence of Impact	Formative/ Summative Assessment	Title-I School- wide Component			
Lesson planning and delivery of instruction will be thorough and thoughtful.
