

2024-2025

York Intermediate School REPORT TO THE PARENTS

York Intermediate School serves 5th and 6th grade students in York School District One. We strive to work towards our district's vision which is "To Learn, Serve, and Give as ONE." Our theme this year has been "The Journey is Ours," which is based on Cleo Wade's book *What the Road Said*. This book is a heartwarming story of being brave, trying new things, and knowing your potential as a leader. Even when the road is tough, the best thing we can do is to keep going!

The focus areas that have driven our efforts this year are: analyzing and leveraging instructional tools to enrich learning; fostering more opportunities for collaboration among students, staff, and parents; and strengthening our communication skills to all stakeholders. Additionally, we have successfully implemented new English Language Arts (ELA) standards this year and teachers attended district professional development to prepare for new math standards next year. We have strengthened our Multi-Tiered System of Supports (MTSS) guidelines to provide targeted assistance to students, and we have reinforced school-wide behavior expectations to create a positive and conducive learning environment. We appreciate your continued support and partnership throughout this school year! We are proud of our students' success this year, and we will continue to work towards reaching even higher goals!
