CTE Teacher Salary Placement
March 12, 2025

The Folsom Cordova Unified School District (“District”) and the Folsom Cordova Education Association (“FCEA”), collectively referred to as “the Parties,” enter into this Memorandum of Understanding (“MOU”) regarding salary placement for teachers holding a Career Technical Education credential on the salary schedule.

1. This agreement adds the following language to the Classroom Teacher K-12 Job Description and Appendix C Basic Teacher Salary Schedule compensation and related benefits: General provisions.

K. Appropriate experience may be substituted for a bachelor’s degree for those with Career Technical Education (CTE) credentials.

2. This language will be added to Appendix C beginning in the 2025-2026 school year. Current teachers of CTE classes may submit credit and experience for review and placement on or before October 1, 2025 for retroactive pay for the 2024-2025 school year.

Initial salary placement for CTE certificated teachers will be determined by considering experience, using the following criteria:

- i. Eligible Experience
 - a. Outside experience for which a credential is required will be credited.
 - b. Credit will be allowed for work in a CTE industry sector relevant to the assignment as defined by the California Commission on Teacher Credentialing. See Appendix A.
 - c. Prior experience must have proof from a prior employer.
- ii. Credit will be granted on a one (1) step for one (1) year experience, whether sequential or on an interrupted basis, in which at least 75% of the work year is completed.
- iii. Credit for eligible experience shall not exceed nine (9) years of experience. The maximum experience allowable, therefore, will place the bargaining unit member on the tenth (10th) step of the salary schedule.
- iv. Placement on the salary schedule shall be based upon receipt and approval of verification of records and documents by the Human Resource Department.

This agreement applies only to teachers holding a valid Career Technical Education credential and are currently teaching CTE courses, or new teachers hired to teach a CTE course. Absent mutual agreement, this MOU shall sunset on June 30, 2027.

The fiscal impact for implementing this MOU is to be determined.

California Commission on Teacher Credentialing Industry Sector Definitions

Industry Sectors

This chart is intended to be a guide. Some of the occupations, such as "drafting," can be applied to more than one Industry Sector. Program sponsors are encouraged to examine the work experience of the individual applying for a credential and determine which Industry Sector best applies. Assignments should be considered in the same way. The most important consideration is the background and the expertise of the individual. Effective September 1, 2014, some Industry Sectors have new titles, while some specific occupations moved into different Industry Sectors. See *Coded Correspondence 14-08* for more information.
