## Davie County Schools Announces New Safety Measures For 2025 Graduation Ceremonies

**Mocksville, NC, Tuesday, May 6, 2025** – As part of the ongoing efforts to enhance campus security, Davie County Schools will implement several new safety measures for the 2025 commencement ceremonies at Davie County High School and Davie County Early College High School.

New safety protocols include:

- **Clear Bag Requirement:** All guests must use clear bags for entry. Medically necessary bags will be permitted but may be subject to inspection.
- **Weapons Detection Systems:** Guests will pass through weapons detectors upon entry. These systems are part of our district-wide efforts to strengthen safety at schools, athletic events and major school events. To speed up security screening and ensure you can quickly clear the detectors, limit what you carry in. [FAQs are here.](#)
- **Earlier Gate Openings:** To allow ample time for security screening, gates will open earlier than in previous years.
  - Early College will open at 8:30 a.m.
  - Davie County High School will open at 7 a.m.

“Davie County Schools appreciates the community’s cooperation and understanding as we implement these important safety enhancements,” said Jinda Haynes, Davie County Schools Interim Superintendent. “We’re excited to celebrate the achievements of our graduating seniors, and we want everyone in attendance to feel safe and secure.”
