

Introducing Baldwin Middle School's *Newest* **PRE-ACADEMIES** *Coming Fall 2025!*

CODE & CIRCUIT

Ready to dive into the world of coding and robotics?

In this fun and interactive Pre-Academy, students will learn the fundamentals of coding and how to bring their own robots to life. They'll experiment with circuits, sensors, and motors, creating cool projects while building their tech skills. With a focus on STEM, this hands-on experience encourages problem-solving, teamwork, and creativity. By the end, students will be ready to take on the tech world with their newfound coding and robotics expertise!

RIP THE RUNWAY FASHION SHOW

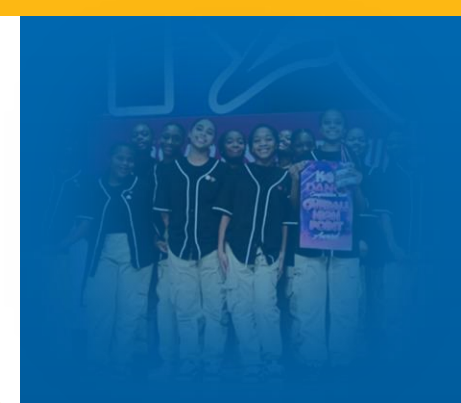

Looking for the ultimate hands-on learning experience in fashion design?

Students will dive into the exciting world of fashion design, learning to create stunning outfits, master styling techniques, and craft their own unique looks. With a focus on sustainable fashion, they'll explore how to design with eco-friendly materials and practices that make a difference. This immersive learning experience is focused on unlocking creativity while honing the skills needed to transform ideas into runway-worthy designs. By the conclusion of this Pre-Academy, students will be ready to make a significant impact in the fashion industry with their unique style!

FUTURE LAWYERS (MIDDLE SCHOOL MOCK TRIAL)

Are you considering a career in the legal field?

Through hands-on experiences such as Mock Trial, students will develop critical thinking, communication, and teamwork skills. They will also learn about various aspects of law, from courtroom procedures to legal ethics. This Pre-Academy encourages students to think like lawyers, while gaining a deeper understanding of the justice system. The aspiring lawyers will leave 8th grade better prepared for future academic and career pursuits in law and related fields after taking this Pre-Academy.
