

# AMAGANSETT SCHOOL NEWS

MAY 2025

SPECIAL BUDGET ISSUE

## SUPERINTENDENT'S MESSAGE

Amagansett School District residents will have the opportunity to vote on the proposed budget for the 2025-26 school year on Tuesday, May 20, 2025, between 2:00 PM and 8:00 PM at the Amagansett School. This brochure contains information about the school district budget, its three propositions, the Amagansett School Board election and the Amagansett Free Library budget request.

The Board of Education established four goals for the development of the 2025-2026 budget: preserve a balanced budget while supporting academic excellence and expanding resources for students and staff; maintain fiscal awareness through effective communications, operations, and responsible resource management for long term sustainability; sustain school facilities to maintain the health, safety, and welfare of all students and staff; and maintain a tax levy that effectively supports goals one through three. The proposed expenditure budget is a 4.52% or \$608,138 increase over the prior year. The increase in expenditures supports all the goals of the Amagansett Board of Education. In order to support the increase in expenditures, the proposed tax levy increase is 4.01% or \$476,450 over the prior year. The proposed tax levy falls at the tax levy cap of 4.01%; therefore, approval of the budget requires a simple majority vote of those voting.

The 2025-26 budget meets the Board's goal to maintain programs and support services for Pre-K through 6<sup>th</sup> graders at Amagansett School. These include early childhood education and extended school day and school year programs, which have been emphasized and valued at both the state and federal levels. Art, music, foreign language, STEM, physical education, and social emotional learning (SEL) programs complement our strong academics.

In addition to the budget proposition, this year, there are three other propositions on the ballot 1) to approve a five-year tuition agreement for students to attend East Hampton Union Free School District 2) to utilize the 2015 Capital Reserve Fund to purchase a school bus and 3) asking voters to authorize a new Capital Reserve Fund. Details on all propositions can be found within this newsletter.

Our Board of Education is committed to maintain time-honored and community supported traditions, while providing resources to prepare students for success in the rapidly changing world. To review evidence of our students' achievement and the strength of our programs please see the *NY State School Report Card* data at [www.aufsd.org](http://www.aufsd.org).

During budget development, we held the line or reduced expenditures

wherever feasible. Major increases are due primarily to salary changes, contractual obligations, the addition of bond indebtedness, and health insurance premiums.

By way of example, under the proposed budget, using a tentative assessment rate, as provided by the Town of East Hampton, homeowners with property having an assessed value of 6,000 will experience an increase in school taxes of \$86.58 per year or \$7.21 per month if assessment rates do not change. If the proposed budget is not approved by a simple majority, the Board of Education may elect to re-submit a proposed budget to the voters, but only once. If the budget is not approved by the second vote, the District must operate under a contingent budget. That means there can be no increase in the tax levy above the previous year, as well as other limitations. The result would require a reduction in expenditures of \$476,450 and therefore, the elimination or reduction of programs, services, staff, and facility projects.

Please contact me at 631-267-3572 or [mrodgers@aufsd.org](mailto:mrodgers@aufsd.org) if you have questions. Thank you for your careful consideration of the proposed budget.

Sincerely,

*Mr. Michael Rodgers*  
Superintendent of Schools

## SCHOOL BUDGET VOTE

Tuesday, May 20, 2025 2:00 PM - 8:00 PM

# AMAGANSETT U.F.S.D. VOTING FACTS

## BUDGET VOTE

Tuesday, May 20, 2025  
2:00 PM - 8:00 PM  
Amagansett School Gym

## EXPENDITURE BUDGET BREAKDOWN

**BALLOT PROPOSITION TO APPROVE  
A MULTI-YEAR TUITION AGREEMENT  
BETWEEN THE AMAGANSETT UNION FREE SCHOOL DISTRICT  
AND THE EAST HAMPTON UNION FREE SCHOOL DISTRICT**

*Shall the agreement with the East Hampton Union Free School District for the education of the Amagansett District students in grade 7 through 12 for a term of five years beginning on July 1, 2025 and ending on June 30, 2030 be approved and ratified effective July 1, 2025 pursuant to Section 2040 of the New York State Education Law.*

**VOTER INFORMATION AND BACKGROUND  
ON THE TUITION AGREEMENT PROPOSITION**

**Why does Amagansett pay tuition to the East Hampton School District?**

The Amagansett School District is responsible for the education of ALL children who reside in the district, both elementary and secondary age children. Since we do not have a secondary program, our 7<sup>th</sup> through 12<sup>th</sup> grade students attend East Hampton Middle School and High School. Amagansett pays tuition to the East Hampton School District for each of our 7<sup>th</sup> through 12<sup>th</sup> grade students.

**Why do we need to vote on this tuition agreement?**

Voter approval is required for multi-year tuition agreements. If approved, the agreement will be in effect through June 30, 2030.

**What is the *Seneca Falls* formula?**

The *Seneca Falls* rate is a formula used by the New York State Education Department to determine the **maximum** amount of tuition a public school district can charge its “sending” districts. The formula is based on the receiving district’s (East Hampton) actual operating expenditures with considerations to the district’s size, wealth, state aid, and teachers salaries. The formula determines rates by instruction category (general ed or special ed) and by grade levels (K-6 and 7-12).

**What are the details of the tuition agreement?**

The tuition agreement stipulates that the Amagansett School District will pay the East Hampton School District a rate per student less than the amount determined by the “Non-Resident *Seneca Falls* Formula Tuition Rates.” The savings on these rates is estimated to be about 27% for general ed and 3% for special ed in year one. In years 2 through 4 of the agreement there is an annual increase of 1.8% each year and year 5 calls for a 2% increase for each rate.

**What happens if this resolution is rejected by voters?**

Approval by voters is required for Amagansett to pay the lower tuition rate to East Hampton. If the resolution is not approved, East Hampton would be legally entitled to charge the full *Seneca Falls* formula rate. In such case, it is estimated that the tuition cost to the Amagansett School District over the time period would increase by more than two million dollars.

**Questions?**

Please contact Superintendent Michael Rodgers with any questions about the proposition at 631-267-3572 or at [mrodgers@aufsd.org](mailto:mrodgers@aufsd.org)

**BALLOT PROPOSITION FOR AUTHORIZING  
EXPENDITURE OF FUNDS FROM THE  
“2015 RENOVATIONS AND UPGRADES”  
CAPITAL RESERVE FUND  
TO PURCHASE A NEW SCHOOL BUS FOR  
THE AMAGANSETT SCHOOL**

This year the Amagansett Board of Education seeks voter approval to authorize the District to appropriate an amount not to exceed \$162,887 from the “2015 Renovations and Upgrades” Capital Reserve Fund to purchase a new school bus for the Amagansett School. The proposition as it will appear on the voting machine on Tuesday, May 20, 2025, from 2:00 PM – 8:00 PM is as follows:

*Shall the Board of Education be authorized to expend the sum of One Hundred Sixty Two Thousand Eight Hundred Eighty Seven Dollars (\$162,887) from the previously established “2015 Renovations and Upgrades” Capital Reserve Fund for the purchase of a new school bus for the Amagansett School.*

**VOTER INFORMATION AND BACKGROUND  
ON THE PROPOSITION**

**Why does the school need a new school bus?**

The district’s oldest, large bus has begun developing issues and has begun to show its age. There are signs of deterioration on the under carriage. Although the bus does pass Department of Transportation (DOT) inspections, professional recommendations are to purchase a new school bus as repairs will be very costly and are not recommended for a bus of this age.

**What will the cost be?**

If voter approved, the school district will be purchasing a bus off of New York State Contract. This will ensure the district is receiving the best possible price on a new school bus. The most recent quote received is for \$162,887.

**Where will the money come from?**

No new appropriations will be needed. In 2015, voters approved the creation of a “2015 Renovations and Upgrades” Capital Reserve. The creation of this reserve included bus purchases. This is a separate account in which the district may accumulate funds over a period of time to pay for costly capital improvement projects or equipment purchases, including busses. The available funds in the “2015 Renovations and Upgrades Capital Reserve” are sufficient to cover the costs associated with purchasing a new school bus.

**If the money is in the “2015 Renovations and Upgrades” Capital Reserve, why is a proposition necessary?**

Pursuant to section 3651 of the Education Law expending money from a capital reserve fund requires voter approval.

**Questions?**

Please contact Superintendent Michael Rodgers with any questions about the proposition at 631-267-3572 or at [mrodgers@aufsd.org](mailto:mrodgers@aufsd.org)

## BALLOT PROPOSITION FOR THE CREATION OF THE 2025 CAPITAL RESERVE FUND

This year the Amagansett Board of Education seeks voter approval to authorize the District to create a new Capital Reserve in accordance with Education Law Section 3651. In 2015, voters approved a similar Capital Reserve Fund. Voters have also approved the use of that reserve over the subsequent years of creation. The reserve has substantially been spent and authorization is needed to create new capital reserve. The proposition as it will appear on the voting machine on Tuesday, May 20, 2025 from 2:00 PM – 8:00 PM is as follows:

Shall the Board of Education, pursuant to Education Law section 3651, be authorized to establish a Capital Reserve Fund known as the “2025 Capital Reserve Fund” for the purpose of making the following District-wide capital improvements and purchases: energy conservation or efficiency renovations and upgrades including implementation of solar energy generation upgrades, electrical infrastructure upgrades including upgrades and improvements to increase the electrical service capacity and installation of vehicle charging stations for electric buses, building monitoring system upgrades, plumbing renovations and/or upgrades, electrical renovations and/or upgrades, lighting upgrades, site renovations and/or reconstruction, picnic area renovations and/or upgrades and related site work, landscaping, athletic field renovations and/or reconstruction, playground renovations and/or upgrades, paving renovations and/or upgrades to parking lots, sidewalk renovations, curbing renovations and/or upgrades, roadways and grounds, masonry or concrete renovations and/or replacements, fire alarm upgrades, alarm system and/or security system upgrades, interior finishes, toilet room renovations, computer/technology upgrades including IT networking systems and communications systems, purchase and installation of up-to-date instructional and administrative technology systems including without limitation computer hardware and software, purchase of District vehicles, trucks and trailers, purchase of electric buses and associated equipment and installation, purchase and installation of equipment enabling the District to reduce its use of fossil fuels including without limitations equipment utilizing alternative fuels including propane, etc., furnishings and equipment, all of the foregoing to include all labor, materials, equipment, apparatus and incidental costs related thereto. The maximum amount of the 2025 Capital Reserve Fund shall be Four Million Dollars (\$4,000,000), plus interest thereto. The probable term shall be ten (10) years; the funds are to be transferred from the unassigned fund balance remaining in the general fund including a sum not to exceed \$400,000 from the 2024-2025 budget and thereafter in an annual amount not more than \$400,000 for each remaining year of the probable term. Upon the establishment and funding of said reserve, the Superintendent of Schools or her designee shall be directed to deposit monies of this reserve fund in a separate bank account to be known as the “2025 Capital Reserve Fund.”

The following information describes the purposes and legal requirements related to capital reserve funds and outlines the specifics of the above Amagansett ballot proposition to create a *2025 Capital Reserve Fund*.

### VOTER INFORMATION AND BACKGROUND ON THE PROPOSITION

#### What is a reserve fund?

A reserve fund is an account established by a school district to finance the cost of a variety of major anticipated future expenses of the district. Reserve funds can help with short-term needs, long-term projects, and unexpected costs.

#### What is a Capital reserve fund?

Education Law Section 3651 permits a board of education to establish capital reserve funds in which a district can accumulate funds over a period of time for specific costly capital improvement projects.

#### What are the advantages of creating capital reserve funds?

Rather than including major capital projects in a single year’s budget or incurring the costs of bonding projects, a district can, with voter approval, use accrued capital reserve funds to fund such projects. These accrued funds can be placed in interest bearing accounts. The District can avoid having to pay interest on borrowed monies.

### **What are the legal requirements for establishing and using capital reserve funds?**

Voter authorization is required for both the establishment of the reserve AND to allow payments from the fund. A majority of authorized voters would need to approve creating the capital reserve fund. During the duration of the fund, a majority of voters would also have to approve specific expenditures from the fund; for example, to purchase and install solar panels.

### **What are the details of the proposed Energy and Technology Upgrade Capital Reserve Fund?**

The proposal, developed with the advice of the district accountant, architect, and legal firms, calls for a reserve fund of up to \$4,000,000 for a duration over ten years. The specific allowable projects are listed in the proposition. The initial transfer to the fund would be no more than \$400,000 drawn from any surplus in the General Fund of the District as of June 30, 2025. Contributions thereafter would not exceed \$400,000 in any year.

The amount of surplus in the General Fund as of June 30, 2025 will not be known until several weeks after the close of the current fiscal year. Accordingly, the District cannot, at this time, predict with certainty whether the amount of the initial transfer to the capital reserve fund will be \$400,000 or a lesser amount.

### **What happens if the ballot proposition for the capital reserve fund is not approved by the voters?**

In the absence of a capital reserve fund, the projects described for this reserve will need to be funded by annual budget appropriations or by the issue and sale of bonded indebtedness, or a combination thereof. An annual appropriation could give rise to a significant increase in the District budget for the year in which the project is undertaken. If a project is funded by bonded indebtedness, the District will incur transaction costs associated with such financing, and will be obligated to make annual payments of principal and interest until the indebtedness is repaid; such transition costs and interest payments represent an additional cost for the project and would not be incurred if the necessary funds could be drawn from a capital reserve fund.

### **Questions?**

Please contact Superintendent Michael Rodgers with any questions about the proposition at 631-267-3572 or at [mrodgers@aufsd.org](mailto:mrodgers@aufsd.org)
