Publication or Creation of Materials

3236 PUBLICATION OR CREATION OF MATERIALS

Staff members are encouraged to contribute professional articles and news items to local, state and national agencies. However, the school district may have a legal claim on all products created by its employees which in any way may be an outgrowth of their job responsibility. Therefore, all such material must be cleared through the Office of the Superintendent before its publication or release.

Adopted: 28 July 1997
