3243 VISITATIONS AND CONFERENCES

It shall be the policy of the Board of Education to consider budgetary provision for requested or assigned staff travel in the interests of effective administration of the school district, the recruitment of personnel, and the improvement of the school program.

Administration regulations and guidelines for such staff travel shall be developed by the Superintendent in harmony with existing employee organization agreements, and submitted to the Board for its information.

Visits by teaching staff members to other schools require the prior approval of the appropriate Curriculum Director, Vice Principal, Principal, and Assistant Superintendent for Curriculum and Instruction, as applicable.
