A MESSAGE FROM MR. MARTINEZ

WTLC tackled testing! We know that testing often comes with a lot of challenges for any student, so as a site we got very intentional in planning and setting structures to navigate this for our bunch. Our kiddos did an amazing job maintaining expectations, and staff continued to show their adaptability and dedication in providing for this. April also brought multiple opportunities to celebrate different staff members and students (see below), and ultimately get ourselves set for our final month together. We are underway planning for close-of-year activities, and look forward to sharing and celebrating all of our work this year.

KNIGHT SHIELD

We want to give a special shout out to...

Corte Sierra

Thank you for being a great partner school to us! We appreciate all of the support you give us each day.

KNIGHT SHIELD

We want to give a special shout out to...

Ms. Corrie

Ms. Corrie has been an amazing asset to our campus. We are so lucky to have such a supportive addition on our campus!

KNIGHT SHIELD

We want to give a special shout out to...

Mr. Blake

Thank you Mr. Blake for helping us with all of our tech needs! We appreciate your quick response with our needs for all things tech related.

SOCIAL SKILLS

- Test taking goal setting and strategies
- Ignoring distractions

DATA FOCUS

During our AASA testing, students worked hard to ensure they did their best. Teachers kept data for their students to see how many of their students "appropriately tested" during this time. On average each room had 65% positive appropriate testing behaviors in their rooms. Every single one of our students were able to complete all of their state test. We are proud of all of the appropriate testing behaviors our students exhibited during this week long process.

TRANSITIONS

White tanks is excited to announce that we have welcomed one new student in Mrs. Tidey's class and one new student in Alt. Ed. with Mrs. Ezeigbo.

White Tanks is proud to welcome
