# MAY & JUNE

## A NOTE FROM OUR PRINCIPAL

As the school year winds down, our hallways are buzzing with activity! Our students are currently demonstrating their hard work and dedication during CAASPP testing – keep up the amazing effort, everyone! In ELA, exciting discussions are brewing as lit circles get underway. Be sure to chat with your student about the engaging book they're reading. We also celebrated a fantastic achievement with 25 lucky students who won the attendance challenge and enjoyed a thrilling San Francisco Giants game on April 24th – with a home run!

## COMMUNITY SCHOOLS RESOURCE RM 201

The Community Schools Resource Room was poppin' off at Zane's Open House! We raffled off a laundry gift basket set full of great laundry essentials and a ginormous Squishmellow. We took a survey and asked students and Parents what extended learning opportunities they would like to see here at Zane. The top voted for extended learning opportunity was GARDEN CLUB, bike club was a close second and third was a sewing DIY club. I am so excited to work to get these off the ground for our Zane Community.

## WHAT'S NEW

### MAY 5TH WE HONOUR LIVES LOST

MMIP Awareness Day is a national day dedicated to raising an awareness about the crisis of missing and murdered Indigenous people, particularly women and girls. We remember and honor the lives of missing and murdered Indigenous people. Zane Indian Ed students and June Bricco our Indian Education Technician will be going around campus putting up MMIP signs in honor of MMIP Awareness Day Monday May 5th.
"Today we had students pour their hearts into making some signs and shared stories of how this hits too close to home for most of us."
~June Bricco

Please help us raise awareness.

We are still here
