Kinder Academy

What

- First 5 days of school students will experience varied groupings of classmates.
- All adults will have an opportunity to interact with each student.
- Classes are created based on the academic, behavioral, and social-emotional needs of all students.

Why

- This gives teachers an opportunity to gather information about each child and create the best learning environment for your child.

What to Expect

- After parents have said goodbye, all kindergarten students will gather to begin the day together in an identified group. Throughout the first five days, groups will be adjusted to provide an opportunity for children to get to know their classmates and adults.
- On Friday afternoon, parents will receive formal notification of their student's classroom placement.
- On Monday, Aug. 25, our school community and parents will welcome Kindergarten students with a "clap in."

Kindergarten Readiness

Please visit Utah Education Network to help your student
prepare for Kindergarten

https://www.uen.org/parents/kindergarten_readiness.shtml

Kindergarten Readiness Checklist

Not sure if your child is ready to tackle the world of kindergarten? Our Kindergarten Readiness Checklist will give you an idea on what areas your child is doing well in, and where they may need some extra attention. It's a good idea to do the checklist, print it out and then work with your child in the areas they need extra help. In a few weeks, do the checklist again to see how much your child has improved.

Kindergarten Eligibility

- ▲ Students must be 5 years old on or before September 1st
- ▲ You live within the Jeremy Ranch school boundaries as seen here <https://www.pcschools.us/enrollment/school-boundaries-map>

Kindergarten Registration

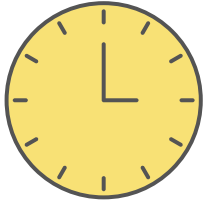

Located online at www.pcschools.us
pcschools.us/enrollment

School Nurse

- Anne Alexander BSN, RN, NCSN
- Please visit the Health Services page at the PCSD website under Departments tab to find health information, along with links to our PCSD health forms.
- pcschoools.us/departments/health-services
- During registration, please take time to fill out your student's health information completely. Also, please ensure that your contact information is always current, and your emergency contacts are local.

Kindergarten Health Registration

- Prior to starting Kindergarten, all students must have proof of immunizations.
 - If you elect not to immunize your student, you must submit proof of an exemption form.
 - Information regarding what immunizations are required as well as how to obtain an exemption form are online at the [Summit County Health Dept](#) or the [Utah Dept of Health](#), search USIIS Immunize Utah for the online module, the website is [Immunize.utah.gov/usiiis](https://immunize.utah.gov/usiiis)
- All student are also required to have a vision screen prior to entering Kindergarten.
 - This screening can be done by your child's health care provider.
 - Include documentation from your provider in your registration packet.

Medication Policy

- Per District policy, students are not permitted to carry medications with the exception of Epi-Pens, Diabetic supplies, and Inhalers with the proper health plan forms.
- If your student requires over the counter or prescription medication while at school, a doctor's order and signature is required.
 - These medication forms can be picked up at school and are also available on the district website.
 - Please note: These forms will need to be filled out by the Health Care Provider and signed by prescribing doctor, the parent and school nurse. Medication cannot be given without the proper forms in place.

What if my student is sick?

- We strongly believe that students must be healthy and comfortable to be successful in the academic setting. If your student is ill (fever, vomiting, diarrhea, etc.) please keep them home. Call or email the front office to report the absence and the reason.
 - If a student is sent home sick with a fever, vomiting, or diarrhea, they will be excluded from school the next day.
 - They can return to school when they are symptom free without the use of medication for 24 hours.
-
