2025-2026 GIFTED BOOK STUDIES

Summer 2025

Brain Based Learning with Gifted Students, Fishman-Weaver

Work at your own pace from June 1 - August 15, 2025

Completion Deadline: August 15, 2025

Participants will independently complete the reading and assigned implementation project. The facilitator will provide weekly monitoring in June and August only.

Brain-Based Learning With Gifted Students combines relevant research in neuroscience with engaging activities for gifted students. Through the lessons in this book, students will learn how to cultivate curiosity, neuroplasticity, metacognition, empathy, and well-being. Grounded in research on the latest findings in neuro-science, this book empowers gifted education teachers with relevant information on brain-based learning.

Hidden Potential: The Science of Achieving Greater Things, Grant

Nine weeks: September 15 - November 12, 2025

Registration Deadline: September 10, 2025

Hidden Potential offers a new framework for raising aspirations and exceeding expectations by weaving together groundbreaking evidence, surprising insights and vivid storytelling that takes us from the classroom to the boardroom, the playground to the Olympics and under ground to outer space. Adam Grant shows us that progress depends less on how hard you work than how well you learn. Growth is not about the genius you possess - it's about the character you develop. Join us to explore how to build the character skills and motivational structures to realize our own potential, and how to design systems that create opportunities for those who have been underrated and overlooked. **15 Hours of Gifted PD**

Teaching Twice-Exceptional Learners in Today's Classroom, Kircher-Morris

Nine Weeks: January 12 - March 13, 2026

Registration Deadline: January 7, 2026

Twice-exceptional (2e) learners have often been misunderstood, disciplined, unchallenged, and left behind. Even as awareness of 2e learners has grown, educators are still in need of practical tools to recognize and support their twice-exceptional students. This book equips educators with information that will make it easier for them to advocate for their 2e students, including what they need to know about the individualized education plan (IEP) and Section 504 plan process. Special topics, such as gifted students with physical disabilities, students experiencing trauma, and gifted learners from diverse backgrounds are also included.

Spring 2026

Differentiation for Gifted Learners: Going Beyond the Basics, Heacox & Cash

Nine Weeks: March 2 - May 1, 2026

Registration Deadline: February 25, 2026

With increasing numbers of students receiving gifted service very year, it's more important than ever for differentiated instruction to go beyond adjusting content levels, task complexity, or product choice - it must truly challenge and support learners on all levels: academic, social, and emotional. This book connects the unique learning differences among gifted students to the specific teaching methods used to tailor their educational experiences. This learning can be paired with **The Reading Comprehension Blueprint: Helping Students Make Meaning from Text** to focus the needs of comprehensive literacy specifically on our gifted learners. **15 Hours of Gifted PD**
