District Priorities and Goals

Comprehensive Plan Priority:

- Through the PLC and MTSS processes:
 - We will reach each student by analyzing their strengths and areas for growth and then will use targeted instruction to both enrich and remediate for achievement success.
 - As well as new mathematics programming at both the elementary and middle schools, we will be able to target individual student needs and reach pre-pandemic data goals.

Building Goals

Goal 1: By June of 2025, the middle school will establish the systems, structures, and supports to ensure that **all students** are provided with the **opportunities to participate in a targeted intervention and enrichment program** (WIN Middle)

Goal 2: By June of 2025, **all staff will engage in a coach-led** collaborative team (PLC) focused on evidence of student learning specific to questions 3 and 4 of the 4 Critical Questions:

- How will we respond when the students have not learned the topic?
- How will we respond when students already know the topic?
