

Boys' Pre-Season Sport for Yrs 5 to 8

On the Prep School rugby pitches;

Tuesday 26th August 10.00am - 12.00pm.

Wednesday 27th August 10.00am - 12.00pm.

These sessions will be focused on developing basic skills, fitness and some game play to get the boys ready for the upcoming season.

Players should be in school rugby kit, plus a gum-shield (compulsory for contact rugby). Please provide sufficient drinks for each session (no fizzy drinks).

These sessions will take place on the rugby pitches behind Courtauld House. Even if your child is new to the game, the sessions are an ideal opportunity to learn some new skills and make some new friends prior to the beginning of term. There are plenty of fixtures this year and we are looking to include as many pupils as possible.

If you are unable to make the pre-season training because of holiday commitments please do not worry! Alternatively if you can only make one of the days you are still most welcome. Please be reassured that these sessions are voluntary and team selection will not be based on attendance.

The Tailor's Shop will not be open for drop in customers during these 2 days as they will be busy with pre-arranged appointments for new and current pupils. The Tailor's Shop will be contacting parents of all new pupils to arrange uniform fittings.

You do not need to respond to this invitation. We look forward to seeing your child at these pre-season training sessions and to a successful Autumn Term of rugby. These sessions are free to attend.

Yours sincerely,

Ms Westwood

Director of Co-curricular Sports and Activities
