Subject: **Mandatory Summer Professional Learning - 2025**

The Blueprint for Maryland's Future mandates that each Local Education Agency (LEA) provide all teachers with the professional learning system developed by the Maryland State Department of Education (MSDE) by June 20, 2026. Teachers are required [to undergo training on](#) eight specific topics as identified in the Maryland Code, Education Article §6-1011. In compliance with this legislation, Charles County Public Schools (CCPS) has scheduled professional learning days in August for the required training sessions.

Following negotiations between Charles County Public Schools and the Education Association of Charles County, it has been agreed that there will be professional learning days compensated at the per diem rate. Therefore, teachers are expected to attend a four-hour professional learning session on either Thursday, August 14, or Friday, August 15, 2025.
