

TEXAS STATE TECHNICAL COLLEGE - WACO, TX -

Precision Machining Technology

TSTC offers an Associate of Applied Science degree in Precision Machining Technology and can be completed in four semesters. For those who want to enter the workforce more quickly or add to their existing knowledge, TSTC also offers certification in machining.

This intense, hands-on training consists of a series of machine tool operation courses to develop and challenge your skills using various conventional and Computer Numerical Controlled machines.

Welding Technology

Learn on the same kind of cutting-edge, topnotch equipment that professional welders use out in the workforce. No matter where you live in the great state of Texas, you can find our welding courses nearby.

At TSTC, you can get hands-on learning with top-of-the-line technology at the best technical college in the state. Class sizes are small. Training is one-on-one. You'll have every opportunity to learn on the best equipment with the best teachers personally guiding you every step of the way.
