TSIA2 / P-TECH TESTING PLAN

Testing Fee: free

Test Sign Up: Sign up may completed in the LVHS library. See the CCMR advisor.

TSIA2 Preperation:

Every student and every teacher is assigned a Mastery Prep account that includes TSIA2 ELAR and MATH lessons, SAT and ACT Lessons. Teachers have the capability to structure lesson plans by utilizing the Mastery Prep resources, and students also have Individual access as well to prepare and practice with individualized pacing. Students are also in encouraged to utilize the resources that TSIA2 provides such as a learning code for students to access Accuplacer resources. Accuplacer provides additional online practice tests for students to practice skill sets.

TSIA2 Remediation:

TSIA2 interventions are first discussed with the student about what areas or concerns were an issue. Based on their response, several options are available to ensure student success. Mastery Prep Online Resources are used successfully for many students.

TSIA2 Summer Bridge:

Every summer, LVECHS and PTECH offer Summer Bridge TSIA2 Workshop Opportunities (up to four weeks) for incoming Freshmen and/or students in sophomore or junior year that have not taken or passed the TSIA2 ELAR and/or MATH.
