

## A Message from the D217 Board of Education President

Jennifer M. Grenier, DNP, RN, CENP  
School Board President  
[jgrenier@argohs.net](mailto:jgrenier@argohs.net)

To the Argo Community,

This message is a follow-up to my original statement issued on May 5th. As the newly elected President of the School Board, I understand the concern, frustration, and disappointment you have felt due to the ongoing investigation into the possible misuse of school funds by our superintendent. While the full scope is still under review and will look back several years, I want to assure you that we are taking immediate steps to address the situation with transparency and accountability.

On behalf of the entire board, I apologize for the oversight that has occurred. You deserve leadership you can trust, and I am committed to earning that trust through honest, decisive action. We deeply care about the integrity and trust within our community.

To that end: We have engaged Meaden & Moore, an independent, third-party auditing firm, to conduct a comprehensive audit of the district's financial records, including all credit card transactions. They have received extensive documentation, and the audit is now underway.

We are also in the process of hiring an external law firm to assist with areas of the review beyond the scope of the auditors and enhance district safeguards. The board took action on this selection last night, 5.21.2025, during open session.

We are committed to keeping you updated and addressing any questions or concerns you may have. Although I volunteer in this role alongside my full-time position as Chief Nursing Officer, I will respond to emails in the evenings at [jgrenier@argohs.net](mailto:jgrenier@argohs.net).

Thank you for your unwavering support and commitment to our schools. We are here to address any concerns you may have and work together towards a resolution. Together, we will move forward with integrity and purpose.
