

THE FALCON FLYER

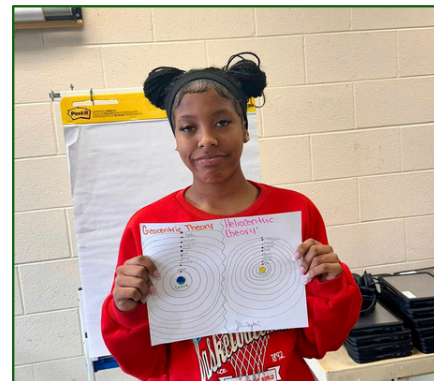

APRIL 14-18, 2025

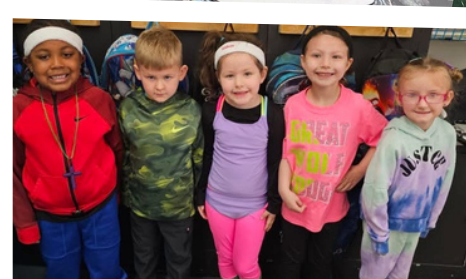

Work continued at Lincoln Acre, where our Agriculture classes were hard at work planting the first grapevines of the spring season! Congratulations to LK student, Carter Moss! He placed in this year's Tennessee Fish Art Contest, hosted by TWRA in partnership with Wildlife Forever.

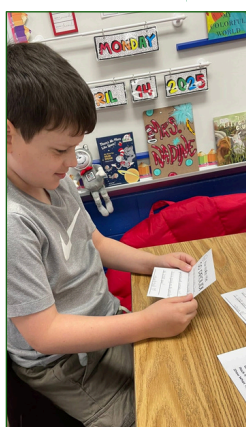

Coach Clay's students are bringing science to life! As part of their study of the Scientific Revolution, students are creating detailed models to represent the geocentric and heliocentric theories of the universe.

The Lake County football and basketball teams, Senior JAG students, and other amazing student volunteers stepped up in a big way to help with the USDA Foods Distribution! MN's ABC Countdown is in full swing!

A few snapshots of our third graders reading their heartfelt notes of encouragement before TCAP.

Mrs. Naifeh's students explored the chemistry behind egg dyeing!

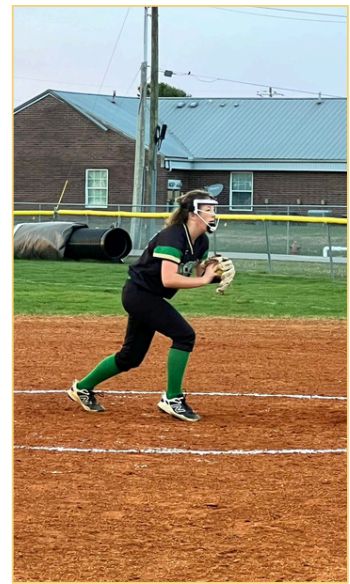

A huge thank you to everyone who donated treats for our MNES second graders! Your generosity made their post-TCAP celebrations extra sweet!

Letter Bingo in PreK: Thank you to the families that came out and had some educational fun with their students this week!

BINGO

LCMS and LCMS baseball and softball

A special night under the lights as we celebrated our LCMS Baseball and Softball Seniors!
