

THE FALCON FLYER

APRIL 7-11, 2025

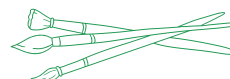

Our MNES SWAG students had a blast during Fun Friday!

This week, we are celebrating the incredible leaders who work tirelessly behind the scenes to support our students, staff, and school community, our amazing Assistant Principals! A huge thank you to Mr. Ronnie Hays for sharing his expertise on smoking chickens with our culinary students! Pre-K students have been hard at work designing and building structures strong enough to withstand the huffing and puffing of the Big Bad Wolf and developing their early writing skills!

Four of our talented students, Noah Riddle, "Crimson" Carder, Angel Wood, and Yates Graham, have submitted original artwork to the 2025 Congressional Art Competition. They are pictured alongside a field representative from Congressman David Kustoff's office.

AMAZING!

Some-bunny in Coach Tubbs's class is ready for Easter! 

What an amazing day at our Pre-K/K/Kindergarten Registration Bash!

Our 8th grade scientists dove into Darwin's theory of evolution with a hands-on challenge to discover how animals adapt to their environments

Congratulations to LCHS student Alexia Sanders on her selection to the Commonwealth Honors Academy! The ABC Countdown has officially begun at MNES! We kicked things off with A is for Art, and our students had a blast getting creative to celebrate the first day of this exciting end-of-year tradition!
