ABOUT THE LCAP

The **Local Control and Accountability Plan (LCAP)** for the San Diego County Office of Education outlines what we will do to help our students succeed and how we will measure if those actions are working. It explains how our district will direct resources to benefit all of our students.

How It's Developed

The LCAP is created with input from the school staff members, parents, students, partners, and community members, and it's reviewed by those groups every year. The LCAP process is our opportunity to decide on our priorities locally so that all of our students succeed. The SDCOE LCAP and other helpful information are available online at www.sdcoe.net/LCAP.

2025-26 LOOK AHEAD

Our focus is that every student receives the supports they need to succeed, so we will continue our efforts to make equity a reality for each child in our care. This will include:

- Ensuring high-quality teaching and rigorous coursework by building educators' knowledge and capacity, and aligning courses with state standards and curricular choices
- Continuing to develop, improve, and organize academic and behavioral resources and services for all students through an equitable Multi-Tiered System of Support (MTSS)
- Continuing to foster a more positive school culture through dedicated and supportive school counselors, school social workers, trained staff members, implementing positive behavioral interventions and supports, and restorative practices focused on mental health and wellness
- Increasing opportunities for internships and externships with our workforce partners to prepare students to be successful in college and careers through courses infused with career technical education and visual and performing arts
