This is the only day that physicals will occur at the schools for Fall 2025 sports. Physicals are given to those students who are currently in grades 9 – 11.

All physical paperwork, including parent permission slip for the physical are due to the school's Faculty Manager of Athletics a minimum of three (3) days before the physical date to allow for review by the school.

We will be holding summer physical events with support from the Children's Hospital Care Mobile; that information will be posted and provided to the schools in June.

If you have further questions, please reach out to your child's school.
