

April 17, 2025

I would like to propose that Choctaw High School Volleyball hosts a team camp at CHS in July 2025.

I have reached out to a Texas-based team camp organization to manage a camp for our entire program, which comprises over 40 girls. This partnership presents a valuable opportunity, as the organization is led by two of my mentors in the volleyball community, and their expertise will greatly benefit our program. To align with OSSAA regulations regarding team camps completion before July 15th and to account for the scheduling conflict with Falls Creek Church camp—attended by many of our players—we suggest hosting the team camp on Saturday, July 12th, Sunday, July 13th, and Monday, July 14th. We seek board approval to conduct sessions on Sunday, with the afternoon session designed to accommodate church attendance. Players will not face penalties for family commitments that may impact their attendance.

This camp will be a significant developmental opportunity for our athletes, providing valuable individual training and fostering unique growth.

Thank you for your consideration.

Sincerely,
Taryn Weber
Choctaw High School
Head Volleyball Coach
