Dear Fisher Parents and Guardians,

We want to make you aware of a concerning TikTok trend that appears to encourage students to misuse or intentionally damage school-issued devices. Videos circulating online show individuals attempting to harm Chromebooks by inserting objects that could cause them to overheat or even catch fire. Watch the NBC News report here.

Our staff and technology team are closely monitoring the situation, and we are taking proactive steps to ensure the safety of our students and devices. Please take a few minutes to speak with your child about the importance of using their school device responsibly and with care.

As a reminder, families will be held financially responsible for any intentional damage to school-issued devices. The replacement cost for a Chromebook can be up to $375.

We appreciate your continued partnership in promoting a safe, respectful, and responsible learning environment.

Thank you for your support.

Warm regards,
Dr. Maggy Hanna
Principal
