December 16, 2021

Dear Parents,

I am writing with an important update to the NJ Department of Health Guidelines for quarantine requirements. Effective today, any student or staff member who has been determined to be a close contact of someone who has tested positive for COVID will follow the quarantine protocols listed below:

- Anyone who has been determined to have been in close contact with someone who tested positive must quarantine for a period of 10 days.
- A student or staff member who is quarantined may test after 5 days and, providing a negative test result, may return on the 8th day.

This change will allow students and staff members who are currently quarantining to return to school earlier than the original timeline. If your child is currently under quarantine, please contact our school nurse, Mrs. Burneyko, as soon as possible to discuss updated return dates.

Sincerely,

Jon Paul Bollette
Principal/Coordinator of Instruction
Green Hills School
