Dear Parents and Guardians,

The first marking period has officially closed, students have been working diligently since September and teachers are able to reflect on the past trimester of work. Moving into the second part of our year our teachers will be reaching out to parents to schedule academic support periods after school. As in the past the after school instruction will begin after dismissal and end at 2:45. Parents will pick up their children in the back parking lot with staff members releasing children at the library entrance doors.

What is different this year is that students will be scheduled to stay after school by teacher request. Teachers will reach out to parents to work out a predetermined schedule prior to the beginning of the week. If a parent would like to request that their child stays after for assistance please contact the teacher ahead of time to discuss and schedule.

If your child is scheduled for after school instruction and is able to stay, please change his/her dismissal plan on Pick Up Patrol and note the teacher who your child is staying with. If the teacher is absent or unavailable that day the main office will notify parents and a change to dismissal plans will be determined.

We continue to make student growth our goal, and with targeted small group instruction our teachers and students can continue making progress. If you have any questions regarding the after school instruction please reach out to me at any time.

Sincerely,

Jon Paul Bollette  
Principal/Coordinator of Instruction  
Green Hills School
