### 2025-2026

### Proposed Final General Operating Fund Budget

### Revenue

In July 2006, the Governor of Pennsylvania signed into law Act 1 of 2006, the Taxpayer Relief Act. The law imposes a limitation by which school board directors are not permitted to raise the real estate tax rate beyond a predetermined index or percentage each year. The law does provide for some exceptions to exceed this limitation. Examples of these include special education costs, retirement rate costs, and certain construction costs. Increases in tax rates beyond those permissible under the Act would require referendum approval by the voters of the Pine-Richland School District (District) before budget adoption could occur.

For 2025-2026, the Pine-Richland School District did not receive an adjusted index; therefore, the base index applies which has been established at 4.0% (prior year base index was 5.3%). The District chose not to seek approval for referendum exceptions for the upcoming budget year. The Proposed Final General Fund Budget includes total expenditures of \$115,574,472 with operation expenditures of \$108,652,640 and total revenues of \$107,427,306 (No Millage Increase) or \$108,790,102 with a 2.1% milage increase and a utilization of assigned fund balance of \$8,147,166 (No Millage Increase) or \$6,784,180 with a 2.1% millage increase to balance the operational budget deficit and for capital improvements. The budget includes an estimated tax millage rate of 19.5867 or 19.9980 mills. This represents no millage increase and a 2.1% millage rate increase from the current fiscal year. An increase of millage to the full base index of 4.0% would give the District the best chance to offset the CLR effects in future years.

The budget includes a number of assumptions and estimates. Several property assessment and exemption appeals continue to be filed with Allegheny County and continue to be unresolved due to the Common Level Ratio adjustments. Resolution of these appeals continually changes the total assessed value for our community which is the school district's real estate tax base. Due to the large number of appeals, the District's real estate revenue has leveled or slightly reduced. The District is recommending the millage increase above due the leveling of the real estate revenue due to Common Level Revenue. The District receives updated figures periodically from Allegheny County and the District's solicitor's office for pending appeals. These figures are continuously monitored each year. In the 2024-2025 school year, the District is expected to refund over \$750,000 (\$1.1 million in 2023-2024) due to property reassessments for the taxing years of 2021, 2022, 2023, and 2024.

Other Local Revenue

The Pine-Richland School District assesses an activity fee for each participating student in grades seven through 12. This fee will be increased to \$150. The fee allows each student to participate in an unlimited number of sports and student activities throughout the school year. If a student chooses not to participate, the fee will not be assessed. The revenue generated from the student activity fee offsets a portion of costs associated with supplemental payments to administer after school activities, athletic programs and clubs.

State Funding

The Taxpayer Relief Act also provides for the use of State gaming revenue to lower property taxes for homeowners in the District with an approved homestead application on file with Allegheny County. Last year, the State Property Tax Reduction allocation for the Pine-Richland community was approximately \$1.89 million. Under this provision of the law, approved properties will receive a homestead exclusion which will lower the taxable assessed valuation for school district real estate taxes. Although the allocations were not finalized at the time the proposed final budget document was prepared, last year's provided the taxpayer \$256 in tax relief to each approved homestead in the District during 2025-2026.

- Subsidies All projections for State subsidies are based on estimates. These amounts for Pine-Richland could change based on the final Governor's budget allocations for the Commonwealth of Pennsylvania.
  - Preliminary estimates for basic education instructional subsidy reflect an increase for the District of \$50,948 over the amount included in the current year budget.
  - Special education subsidy for 2025-2026 is projected to be \$2,166,566 which represents an increase from the current year budget in the amount of \$209,999. This includes an estimate for contingency fund allocations which are applied for on an annual basis. The state contingency fund exists to provide additional funding for the implementation of the Individualized Education Program (IEP) for students with significant disabilities and who requires a highly specialized program or related services.
  - Transportation revenue is estimated to be level-funded by the State. This subsidy projection could be changed by the status of the approval of the state budget. This will continue to be an area of focus prior to the approval of the Final Budget in June 2025.
  - Historically, school district construction projects were reimbursed by the State based on a series of calculations. Each individual project was given a separate reimbursement percentage determined at the time construction took place. As the school district pays principal and interest payments on the bond issues used to finance each project, documentation is completed to receive a proportional amount of reimbursement from the State. For 2025-2026, estimates show a decrease in reimbursement of \$87,420 from the current year budgeted allocation. Future funding for school districts in this category continues to uncertain from budget deliberations at the State level.

- State funding is provided to the District to share in the cost of employer share of social security and retirement for personnel. For 2025-2026, this represents \$9,308,645 of the District's total budgeted revenue.
- Pennsylvania Department of Education provides no reimbursement for charter tuition.

Federal Funding

Federal Funding encompasses title funds and medical assistance reimbursement. This funding accounts for \$558,224 of the District's overall revenue.

### 2025-2026

### Proposed Final General Operating Fund Budget

### Expenditures

#### Salaries & Wages

Personnel costs for administration, faculty & support staff represent approximately 65% of total annual budgeted expenditures. The District's annual personnel costs are dictated by various collective bargaining agreements and compensation plans.

Employer Benefit Costs

- The District's employer contribution rate for the Public School Employees' Retirement System (PSERS) will increase to 34.0% of salary cost from 33.9% in 2024-2025. This will result in increased expenditures to the District for next year's budget of \$502,244 due to compensation adjustments and additional personnel. This contribution rate is set by the PSERS Board of Trustees and is mandated by State legislation. Future projections of the employer contribution rate show a steady increase to 36.49% of salary cost in the 2029-2030 fiscal year. Steady increases are projected through 2032-2023.
- Medical insurance premium costs through the Allegheny County Schools Health Insurance Consortium (ACSHIC) will increase by 5.7% for covered employees. Dental and vision insurance premiums will increase by 3. Overall group health insurance expenditures for the District are budgeted to increase by \$194,681 from the 2024-2025 budget for current employees. Employee contributions for healthcare are based on respective compensation plans and collective bargaining agreements currently in effect.

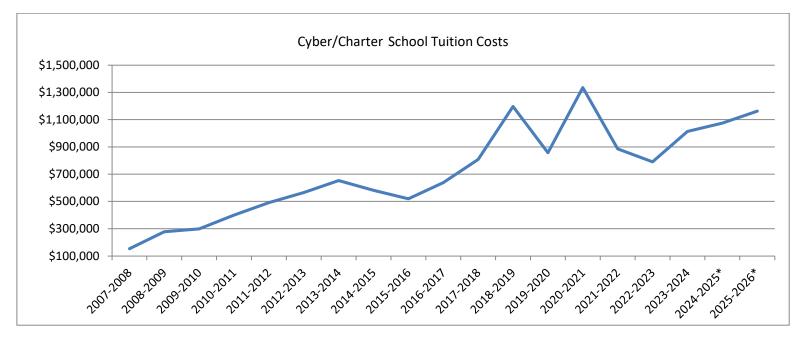

Contracted Services

Currently, Pine-Richland School District utilizes contracted services within the general operating budget for transportation, copiers/print management and substitute staffing. These three contractual agreements combined represent approximately \$7.2 million of the District's overall expenditures.

Expenditures

**Tuition Expenditures** 

- The District is projecting \$2,103,699 in tuition costs for outside placements and services for special needs students through approved private schools and other institutions. Additionally, the Allegheny Intermediate Unit provides specialized services for students at a cost of \$1,393,100.
- Vocational tuition expenditures to A.W. Beattie Career Center for the operating budget are projected to be decreasing slightly from the current year allocation. The District is required to fund a five-year average of enrollments in the vocational program, as well as general operating costs and a proportional share of debt for the renovations completed years ago to the Career Center facility.
- The District is required by law to pay tuition costs for resident students to attend cyber/charter schools. Projections for 2025-2026 show an outlay of \$1,162,775.31. During the 2024-2025 fiscal year, the District is paying \$15,314.04 for each regular education student and \$32,857.01 and \$33,516.66 for each special education student enrolled in cyber and brick and mortar charter school respectively. Amounts will be finalized once the ADM numbers for 2023-2024 are released in May.

\*Budgeted figures are included in the chart above for 2024-2025 and 2025-2026. All other amounts are based on actual.

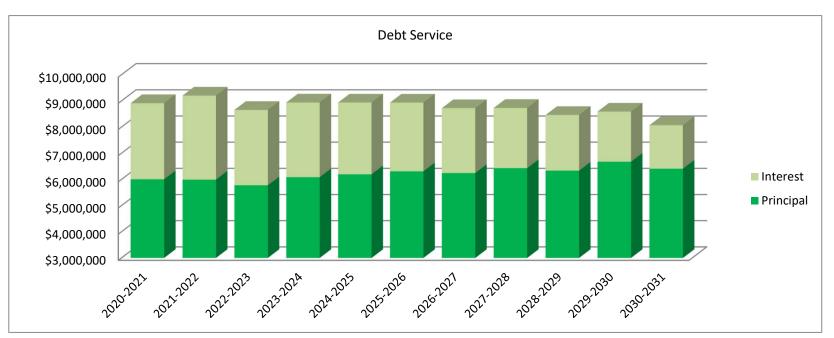

Expenditures

Ten-Year Capital Plan

Included in the detailed supporting budget schedules is a complete capital funding plan which details planned capital repairs and replacements to equipment, infrastructure and facilities for the next ten years. The total of these capital items for the 2025-2026 fiscal year is equal to \$6,921,832. This is reflected as an interfund transfer to the Capital Reserve Fund. Transfer from the 2024-2025 Capital Funding Plan maybe moved into the 2025-2026 budgeting year that will have a zero net affect over the two years.

#### Debt Service

Interest and principal redemption on debt service represents \$8,934,931 or 7.7% of total budgeted expenditures. Based on the individual amortization schedules, the District's costs will decrease by \$2,744 from the current year budget. The District will continue to monitor each debt instrument for refunding opportunities to achieve savings and lower interest costs, if possible.

Prior Year Refunds

Prior year refunds represents expenditures represented in the current year that took place in prior year. The most common prior year refund are real estate refunds from reassessments or appeals of property owners that the adjustments are taking place for a year prior to the current. The reason for this notation is the Common Level Ratio ruling that has adjusted for the real estate taxing year of 2021 and forward. The District has consistently budgeted around \$250,000 for this refunds. Due to the unprecedented effect of property reassessments, the District is increasing this budgeted \$990,000 in 2024-2025. The District will adjust the budget to \$700,000 for 2025-2026.

#### Budgetary Reserve

- The District budget includes various reserves for unforeseen operating contingencies. Direct expenditures are not permitted from this section of the budget. If the need arises for use of these reserves, a budget transfer would be presented and formally approved by the Board of Directors to the proper category of the District budget. Historically, the annual budget includes allocations for emergency purposes which are then divided into specific categories:
  - Special education reserve has been included if the District population of special needs students increases beyond expectations. Additional staff or services may be warranted based on the circumstances.
  - The District also estimates staffing costs for potential class size reduction or scheduling implications. All efforts are made to budget for staffing needs based on enrollment projections; however actual student enrollment for the following school year may vary.
  - Contingency estimates are included for emergencies which may occur at a District facility such as water damage, smoke or fire damage or any other significant unforeseen repair or replacement.

### Key Assumptions

#### Revenues

- Real estate tax millage
  - Reflects multiple options for the millage rate increase (current tax rate 19.5867 mills) Options are no millage increase, 1.0%, 2.1%, 4.0%
    - Future years reflect no tax increases
    - Based on certified assessed value listing provided by Allegheny County as of January 2025 + estimated no growth rate for Richland Township and for the Township of Pine estimated reduction in assessed value for outstanding exemption/reduction appeals filed by property owners
      - This reflects an estimated growth rate for assessed value changes between January 2025 and June 2025~ new values from Allegheny County will be received in May 2025
- Earned income tax
  - Reflects estimate for 2025-2026 and 2.5% and 2.1% increase annually in future years
- State funding
  - o Basic education reflects the state proposed estimate for 2025-2026 with no increase and a 1% increase going forward.
  - Special education reflects the state proposed estimate for 2025-2026 assumed 1% increase annually
  - Transportation subsidy reflects level funding
  - Social security & PSERS reimbursements (50%) are assumed percentages directly proportional to salary/wage expenditures
- Debt service reimbursements are shown on the Capital Planning Chart (page 9)
- Federal funding
  - Assumes IDEA funding to be relatively stable based on the current year allocation this is listed under local revenue (Federal IDEA received from an IU)
  - Assumes stable to slight decreases in Title Funding (I, II, III, IV)
  - o Reflects a small increase for School-Based ACCESS Program funds based on allocations held by PDE and AIU for Pine-Richland School District

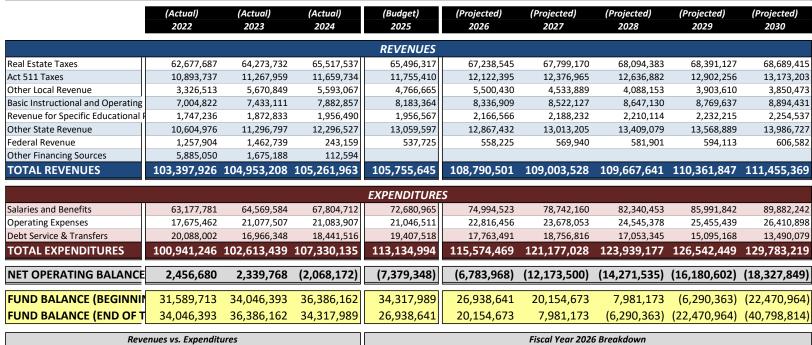

#### Expenditures

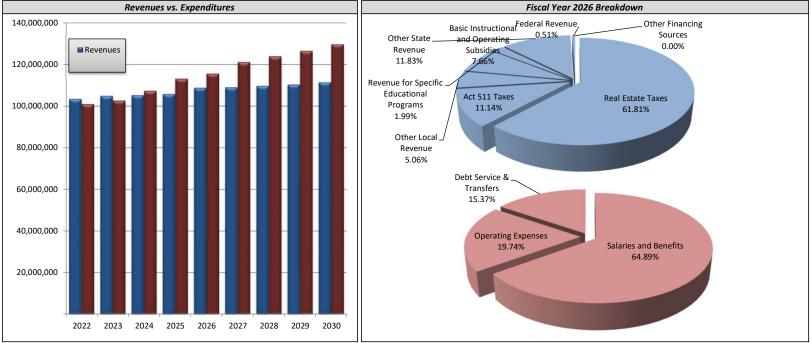

- Salaries
  - Based on overall salary expenditures
  - Assumptions are included for future years of all groups
- Health benefits reflects an increase of 5.7% and healthcare from the current year and increases of 10% increase in future years
- Retirement detailed in gross and net of state subsidy on Retirement Planning Chart (page 6) Figures have been updated based on employer contribution rates released by the PSERS Board of Trustees in December 2024
- Assumes no additional bond issues for construction purposes

Estimated Capital funding Plan for 2025-2026 (as of May 2025) = \$6,921,832

Estimated Budgetary Deficit – (\$8,147,165)
